

# U.S. DEPARTMENT OF ENERGY RESILIENT AND EFFICIENT CODES IMPLEMENTATION (RECI) GRANT

October 30, 2024

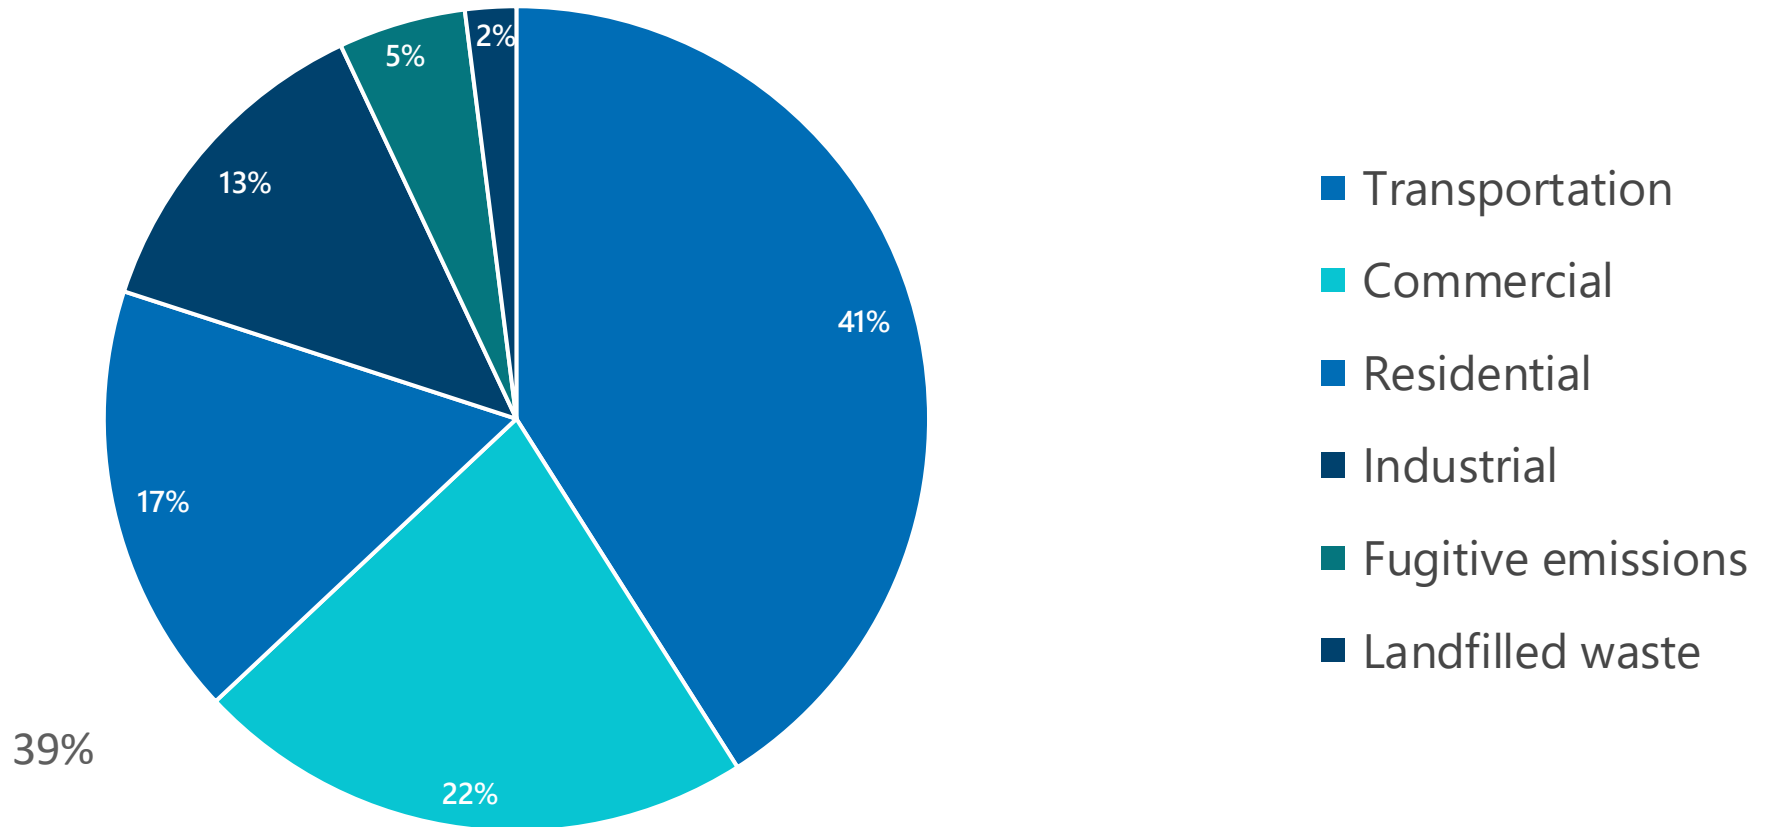

ANDRIA JACOB  
Climate Policy Manager

THE BUREAU OF  
**PLANNING &  
SUSTAINABILITY**

# Climate Emergency Workplan: Action B-1

## Eliminate carbon from existing buildings in the private market

# Equitable, efficient, and resilient buildings

1. Eliminate fossil fuels from how we heat and power buildings.
2. Reduce energy burden for renters.
3. Center anti-displacement in policy design.
4. Renter health risks and costs should be made known.
5. Future-proof buildings for heat, smoke events.

# \$656,258 to BPS

- Term: 36-months, ends in Dec. 2026
- Funds will support staffing
- Outcomes:
  - Final draft code of proposed building performance standards.
  - Experience in the field with multifamily energy benchmarking.
