Attachments: MPAP Urban Design Framework_Parks Narrative_2024_2_22.docx

Hi Cassie, Joan, Barry, and Hillary,

Attached is the PP&R suggested edits document to the MPAP Urban Design Framework section of the Proposed Draft narrative. It was easier for the team to work on edits in a separate document, but please let us know if this transition is okay back to you all. Also, regarding the image below, please remove the streetcar going through the block they are showing for the park on the schematic image of the plan area, as this would greatly impact what the community envisions developed and programmed at a future park. Otherwise, we greatly appreciate the opportunity to coordinate on this area plan effort. Good luck with preparing the final version of the Proposed Draft!

Where: Microsoft Teams Meeting

Hi Marty,

Hope you're doing well. Hoping to snag you for a meeting on the Montgomery Park Area Plan project.

I'm working with Barry and Joan on the Urban Design Framework section of the Proposed Draft for the project. As part of this section, we are planning to include a page about the 1 acre park that has been discussed for this area. Knowing the park is still very much a concept, the intent is to leave some breadcrumbs on what we heard from community during the planning process to help inform future work. We'd like your feedback on what we are planning to include and see if you have any thoughts/ideas on what else might be helpful for a future park project. I'll send a draft of what we have prior to the meeting so you can have some time to look it over beforehand.

Let me know if you are open to meeting and if this time works. We may not need the whole 50 minutes but scheduling just in case.

Thank you!

Cassie
