Attachments: [MP2H Tech Analysis Review Memo 290421 BES.pdf](#)

Hi Barry,

Please find the attached memo summarizing our technical analysis of the MP2H west side project area. We included information about some assets that may be impacted by rail construction (based on the Transportation Plan); can you please share this memo with the correct staff person at PBOT? Please let us know if you need any more specific information on any of the mentioned topics.
