PARCEL NO. RS-5-4  
CONTINUED

A metal shed, 24' x 42' in size, 1,008 sq.ft., finished with a metal siding, flat metal roof, concrete floors, is used for pipe storage. This was built in 1936. There is a 20' x 16' canopy built at the same time which is used for crane lifting, utilizing a 1-2 ton crane.

The large warehouse building is finished with concrete floors, concrete walls, has 7 skylights and is heated by gas suspended heating units. There is a 14' x 28' mezzanine used for storage. It is finished in the interior with steel crane beams and posts to support three one-ton cranes and several Jib Cranes. This part of the building is finished with steel I-Beam and posts support. There are numerous steel bins and steel racks used for pipe storage.

There is a small 10' x 69' open metal shed used for storage. The property is presently occupied by Albina Pipe Bending Shop whose major concern is the bending of large steel pipes.

Trade fixtures are involved concerning the rosen pit furnace, a lathe and an iron worker.

Zoning: M-3 Light Industrial
