LIEIVEL

Deputy Director

DEC 19 1972 THIS AGREEMENT, entered into this 1st day of September, 1972, by and between the City of Portland, a Municipal corporation of the State of Oregon, hereinafter referred to as "City" and the State of Oregon, by and through the Children's Services Division of the Department of Human Resources, hereinafter referred to as the "Agency."

WITNESSETH:

WHEREAS, the City has entered into a contract with the United States of America to conduct a Comprehensive City Demonstration Program for a certain area (herein referred to as the Model Neighborhood) purguant to Title I of the Demonstration Cities Metropolitan Development Act of 1966, and

WHEREAS, the Model City Agency of the City of Portland has determined that a need exists in the Model Neighborhood for a coordinated transportation program designed to serve mentally retarded youth and their immediate families; and

WHEREAS, the City desires to engage the CSD to be responsible for the administration and supervision of transportation services for the mentally retarded within the Model Neighborhood, and

WHEREAS the CSD has presented itself to the City as the prime contractor to be responsible for the administration and supervision of transportation services for the mentally retarded within the Model Neighborhood and has indicated that it is capable and willing to provide said transportation services through a subcontract with the Multnomah Association for Retarded Children.

NOW, THEREFORE, the parties hereto do mutually agree as follows:

SCOPE OF SERVICES

- A. The purpose of the Coordinated Association for Transportation (CAT) Program is to provide transportation to and from recreation. educational and training facilities for the trainable mentally retarded children. The beneficiaries of the CAT program will be all children in the Model Cities Neighborhood who are currently diagnosed, screened or evaluated as being trainable mentally retarded; all children who have been incorrectly diagnosed and labelled trainable mentally retarded and the immediate families of such persons while in the execution of providing transportation services for the mentally retarded child.
- B. In order to achieve the purposes and reach the proposed beneficiaries described in "A" above, the Agency shall:
 - 1. Coordinate and plan transportation services for trainable mentally retarded children through 18 years of age, who reside within the Portland Model Cities Boundaries.
 - Provide transportation services for 85-100 trainable mentally retarded children from the Model Neighborhood to

recreation, education and training facilities according to established schedules (paragraph 6) or by special arrangement.

- 3. Provide transportation for parents and other children in the families of said mentally retarded children to diagnostic and evaluation centers and to medical and dental clinics while in the execution of providing transportation services for the mentally retarded child.
- 4. Provide transportation to parents of trainable mentally retarded children in the Model Neighborhood to group meetings in relation to mental retardation.
- 5. Since short-term care may be necessary for related siblings, while the parent or guardian accompanies the mentally retarded child to the above mentioned medical or dental appointments, arrangements have been made with the Metropolitan Community Coordinated Child Care (4-C) program for short-term emergency care. Agency shall see that transportation is provided both ways to said medical or dental appointment and to the day care centers.
- 6. Maintain bus routes and timetables and make said routes and schedules available to trainable mentally retarded children and their families within the model neighborhood.
- 7. It is understood by the parties hereto that the Children's Services Division shall execute a subcontract with the Multnomah Association for Retarded Children (MARC) for the performance of the transportation services described above and will be responsible for the supervision and administration of MARC with regard to its performance of said transportation services.
 - (a) With regard to its contract with MARC, Agency shall require MARC to furnish a policy of public liability insurance, including property damage, covering all of MARC's operations to be performed pursuant to this contract, the limits of liability under said policy to be not less than \$100,000/\$300,000 for personal injuries, including death, and \$300,000 for property damage.

The policy shall bear also the following endorsement: "Without prejudice to coverage otherwise existing herein, the City of Portland and all other governmental bodies having jurisdiction in the area, their officers and employes are included as additional insureds under this policy as to any claim or claims for injury to person, including death, or damage to property, resulting from or growing out of the operations of the named insured under contract with the City of Portland for administering the CAT program as part of the Portland Model City Program.

" It is understood and agreed that this policy shall not terminate or be cancelled prior to completion of said

contract without first giving thirty (30) days' written notice of intention to cancel said policy or to terminate said policy to the Auditor of the City of Portland.

"Notwithstanding the naming of additional insureds, the said policy shall protect each insured in the same manner as though a separate policy had been issued to each; but nothing herein shall operate to increase the insurer's liability as set forth elsewhere in the policy beyond the amount or amounts for which the insurer would have been liable if only one person or interest had been named as insured."

A certificate evidencing such insurance together with the above endorsement shall be filed with the City Auditor of the City of Portland and shall be subject to the approval of the City Attorney as to the adequacy of protection.

II. DURATION OF AGREEMENT

This Agreement is for the period from September 1, 1972, to and including June 15, 1973.

III. COMPENSATION AND METHOD OF PAYMENT.

The Agency shall be reimbursed by the City for its costs of performance hereunder, not to exceed the sum of \$20,742.40.

- B. The requisition for payment shall be accompanied by a report to the City, in form satisfactory to the City, and shall specify the total work accomplished hereunder in the time period for which payment is requested. It shall state that such work has been completed in conformance with this agreement, and that the Agency is entitled to receive compensation therefor, and each cost shall refer to a specific budget item.
- C. Upon receipt by the City of such a requisition, the Agency shall be entitled to 100 percent of the total eligible cost, as determined by the City, for the work accomplished hereunder.
- D. Agency agrees to do all acts necessary to secure, with Funds received by it pursuant to this contract, Federal Funds under Title IV of the Social Security Act, as amended, and to use said Funds to purchase transportation services for model neighborhood children, as described herein.
- E. In performance of this agreement, the Agency agrees not to make any expenditures unless such expenditures are provided for in Exhibit "A" (budget).

- Subject to efficient delivery of all services under this contract, the Agency can, whenever necessary, amend the operating budget in Exhibit "A"; provided that the full cost does not exceed the amount stated in this contract, and provided that prior approval of the amended budget by the City has been secured.
- Prior to disbursement of funds to the Agency or employees, the City shall receive a statement from the Agency's chief fiscal officer or its insurer, insuring that all persons handling funds received or disbursed under this contract are covered by a fidelity bond in the amount of \$10,000.
- It is expressly understood and agreed that in no event will the total compensation and reimbursement, if any, to be paid hereunder exceed the maximum sum of \$20,742.40 for all of the services required.

This Agreement, entered into this <u>lst</u> day of <u>September</u>, <u>1972</u>, by and between the Children's Services Division of the Department of Human Resources, herein jointly referred to as the "Division", and the Multnomah Association for Retarded Children, Multnomah County, Oregon, herein referred to as the "Provider".

III. Bonding and Indemnification

- A. This Agreement shall not be construed to make the Provider in any sense a servant or employee of the Division. The Provider shall conduct operations as an independent contractor and shall have control over its employees and assume the following responsibilities:
 - Indemnify and defend the Division from any claim, loss, damage or expense in any manner occurring in connection with the Provider's operation under this Agreement.

V. Sub Contracting

A. Obtain prior written approval from the Division for assigning or sub-contracting for any of the work contemplated under this Agreement. Such assignments or sub-contracts shall be subject to such conditions and provisions as the Division may deem necessary; such prior written approval shall not be required for the purchase by the Provider of materials, supplies, equipment, and services which are incidental but necessary for the performance of the work required under this Agreement; and further no approval by the Division of any assignment or sub-contract shall be deemed in any manner an obligation on the part of the Division to exceed the total agreed upon price.

THE DIVISION AGREES TO:

Subject to the availability of Federal and Portland Model Cities' funds, pay the Provider a sum not to exceed \$70,005.00 in the following manner for expense as outlined in Exhibit A.

- A. Upon receipt of monthly claim statement, pay \$4.19 per day for each trainable mentally retarded child transported, who resides in the Portland Model Neighborhood.
- B. Will not pay costs for capital outlays including remodeling and renovation of private facilities contracted by the Provider.

The reimbursement rate is subject to review and renegotiation each quarter following an examination of actual costs as approved by the Division.

The stated amount that the Division will pay to the Provider represents the gross amount agreed upon for purchase of care less 5% set aside for purposes of monitoring, evaluation and technical assistance. The Provider and the Division agree to consult and coordinate with each other within designated procedures regarding major programs or policy changes or other matters which affect the Provider's program or services to individual children.

This Agreement shall be effective September 1, 1972, and may be terminated at any time upon the mutual consent of both parties, or on 60 days notice by either of the parties, or at the election of the Division in the event reimbursement to the Division from Portland City Demonstration Agency and/or Federal source is not obtained and continued at an aggregate level sufficient to allow for the purchase of the indicated quality of services, the obligation of the parties shall thereupon be terminated.

If the Provider fails to comply with any provision of this Agreement, the Division may at its option, cancel the Agreement.

"WHEREFORE:, the Division and the Provider have duly set their hands and affixed their seals the day and date first above written."

Re: Coordinated Association for Transportation Contract

Dear Ms. Winters:

The revisions you requested in the captioned agreement have been completed, and the enclosed copies have been re-typed.

• It is our opinion that these changes were minor in nature, and in no way change the real intent or affect of the agreement. Therefore, a new authorizing orinance is not necessary.

We would appreciate your expeditious handling of this matter so the project can proceed without delay.

Thank you for your cooperation.

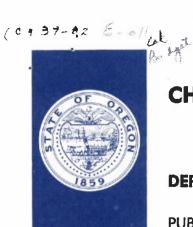

Yours truly,

Mr. Walter Fuhrer Multnomah Association for Retarded Children 718 W. Burnside Portland, Oregon 97209

Dear Walter:

I am writing to notify you of an allocation action by our Citizen Planning Board that affects the MARC Umbrella Project. The Board has allocated \$10,363.00 as supplemental funding for Project STAR for the Third Action Year.

Before money is actually dispersed there will have to be a contract extension written for the MARC Umbrella Project for Third Action Year. The essential step in completing this contract extension is that of completing a program plan and line item budget for the \$10,363. This program plan will be in the Standard Model Cities format.

Sincerely,

ANDREW RAUBESON DEPUTY DIRECTOR
