I'm excited to work with [@PortlandBPS](#) on this proposal. As this article explains, tenants don't get to decide whether their parking spaces are set up for electric vehicle charging – so we must ensure that everyone has convenient access. I am deeply saddened, angered, and heartbroken about last weekend's mass shooting at a Lunar New Year event in Southern California. I share Chief Lovell's grief that such a joyous celebration of culture and tradition was overshadowed by this tragedy. [laist.com/news/why-monte...](https://www.laist.com/news/why-monte...)

Under Commissioner Rubio's leadership, today Portland passed a policy to reduce carbon emissions from the transportation sector, phasing in requirements for cleaner, renewable fuels, with the goal of achieving 99% renewable blend of all diesel fuel sales in Portland by 2030.

It's vital for Portland to foster an inclusive business climate. Yesterday I met with Latine business owners to listen to their concerns & challenges. We heard stories of resilience & hope, as well as great ideas to weave together a stronger, multicultural fabric for our city.
