Originally built in 1904, the four-story building began as Stowbridge Hardware. During the 1970s, the façade was covered with concrete and it became a furniture store; in 2018, new owners renovated the space. The building then sat empty until Literary Arts purchased it in 2022.

I heard about the need to make sure we are focusing on hospitality and on hiring champions in key City positions who can represent the needs of small-business owners and startups.

Portland will soon be home to the league's 15th franchise, which will begin playing in 2026 and be owned and operated by RAJ Sports, led by Lisa Bhathal Merage and Alex Bhathal. This is a huge win for our loud and proud women's sports fans as well as Portland's economic recovery.

It would not have been possible without the tenacious advocacy of @RonWyden, alongside @TinaKotek and @tedwheeler. This afternoon's celebration also featured retired New York Liberty star Kym Hampton and Sports Bra owner Jenny Nguyen. Learn more at [\\_\\_PF: 9d2ffd80896db4e95e39](#)

Here in Portland, we LOVE our hometown women's sports, so this is a really special day - in a really special city. Today the Women's National Basketball Association announced that it's returning to the Rose City after more than 20 years! <https://t.co/Znp094zV9R>

We were able to get here because we have hope, we have faith, and we have each other. I have seen our community come out to advocate for justice, dignity, and respect, often risking our livelihoods, homes, and lives in order to create a better world for our families.

We have come a long way – but we still have a long way to go. So many in our community still experience challenges or job discrimination, or they aren't able to fully participate fully in the economy and government to which we have contributed so much.
