There is national evidence to show local organizations formed to confront violent crime and build stronger communities have a direct and significant role in reducing crime. (9/9) [pic.twitter.com/UU0QL01Btb](https://pic.twitter.com/UU0QL01Btb)

# A COMMUNITY-BASED RESPONSE

## THE CURE TO CRIME START WITH COMMUNITY

National evidence shows local organizations formed to confront violent crime and build stronger communities have a direct and significant role in reducing crime

12% ↓

For every 10 additional community nonprofits in a city with 100,000 residents leads to a 12% reduction in the homicide rate

"Tackling gun violence necessitates a much broader approach than any one system can provide. While dedicated investigative law enforcement and public safety resources will always be needed, without a holistic approach including health, education, community outreach and peace organizations - we will always be chasing the harm," DA Mike Schmidt

Public officials have the responsibility to work in partnership with the community to galvanize every possible resource to prevent, intervene, investigate, and suppress gun violence.

### VIOLENCE INTERRUPTERS

Locally, we need to support violence interrupters who establish relationships with the most high-risk young people in the community, usually young men between the ages of 15 and 30.

### ADDRESSING THE NEEDS

We need to address the social factors such as poverty, joblessness, weak ties to full-time housing, education and employment, and the lack of access to basic resources to increase a person's prospects of not becoming criminally involved.

The cycle of this rampant gun violence is disproportionately impacting southeast Portland with the Hazelwood, Powellhurst-Gilbert, Centennial, and Lents neighborhoods caught in the crosshairs.

Since we're so new, you may wonder  
what a PSR call is like. While no two  
calls are alike, what they have in  
common is that they take longer than  
average 1st response calls where the  
agency has such high call volume that  
they have to limit time on each call  
to get to the next one.

## Advancing Racial Equity

### For Science

Inequities in health care, income, education and housing are caused not by race, but by racism.

### For Action

Work with local leaders to address racism as a public health crisis.

### For Health

Educating health care providers about racial and ethnic disparities can reduce disparities in maternal mortality.

Last Wednesday, March 31, was, and is always, a very special day for me. It is both Cesar Chavez's birthday -- and the birthday of my grandmother, Dolores Caballero Murillo, born in the very same year. [facebook.com/CommissionerRu...](https://www.facebook.com/CommissionerRubio)

Next summer, there will be a new Errol Heights Park ([@PDXParksandRec](https://twitter.com/PDXParksandRec)) complete with restored wetlands; improved and expanded trails; ADA-accessible trails; and play, picnic and gardening areas. And art! The [@R\\_A\\_C\\_C](https://www.racc.org/2021/03/19/cal...) has an open call for proposals [racc.org/2021/03/19/cal...](https://www.racc.org/2021/03/19/cal...)
