That responsibility requires action. Whether it's a mass shooting at a school or in Buffalo, or the gun violence happening in Portland neighborhoods & neighborhoods across the country-we need the Congress & state legislatures to take meaningful gun control action right now.

I am heartbroken. Horrified. Outraged. Children should be spared the cruelty of adults. What does it say about us—that we allow innocent children to be shot in their schools & still do not address the conditions that enabled those murders? We have a responsibility to be better.

That responsibility requires action. Whether it's a mass shooting at a school or in Buffalo, or the gun violence happening in Portland neighborhoods & neighborhoods across the country—we need the Congress & state legislatures to take meaningful gun control action right now.

A particularly terrifying aspect of fentanyl is how much it looks like a variety of other pills a doctor might prescribe you. So please practice awareness in your own life and do not take pills you have not been prescribed.

Fentanyl & methamphetamines are profoundly impacting Portland. These drugs are more potent/cheaper/accessible than ever. They are killing Portlanders at historic rates-greater than gun violence-& those losses reverberate among those left living.
