Dear Janet McMahon & Darryl Clegg,

"ASIAN POINT OF VIEW", An Exhibition by Asian Artists of Oregon, will be held at the Chinese Consolidated Benevolent Association Hall, 315 N.W. Davis Street, in Portland's Chinatown, October 9-27, 1984 (Monday-Saturday 12-6 PM).

This exhibition of ~~thirty-four~~ Oregon artists is a collective of mediums, talents and perspectives, converging from a multi-ethnic base within the Asian community.

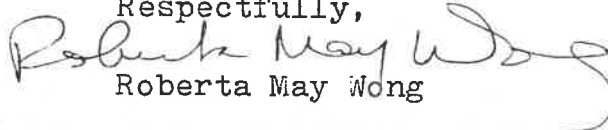

Some works, ranging from calligraphy, ceramics, textiles, painting, photography, sculpture, and multi-media, will reflect the cultural continuity of their heritage. Others take on the tangents of modern exploration in art.

It is the intention of this exhibition to explore and expose the Asian point of view by profiling Asian artists; to make visible, through the diversity and individuality of these artists, the continuity that may be found not only in our ethnicity, or race, but in our humanity.

Sponsored by the Japanese American Citizens League and the Chinese Consolidated Benevolent Association, this exhibition was made possible by a Multiarts grant from the Metropolitan Arts Commission and the National Endowment for the Arts.

Enclosed is a list of the artists participating in this exhibition.

Respectfully,

Roberta May Wong
