1. INTRODUCTION

This manual has been prepared by the Council/Contracts Division of the City Auditor's Office to help in the preparation of ordinances, resolutions and reports for submission to the City Council. It is based primarily on Charter and Code provisions, but also includes procedures based on City Hall custom and Council preferences. If you have any questions, please contact the Council Clerk at 503-823-4086.

2. PROCEDURES

A. The Portland City Council

The Council is responsible for making administrative, legislative and quasi-judicial decisions under the City of Portland's commission form of government. The specific powers of the Council granted by the City Charter Section 2-110 through 2-127, as well as provisions regarding Council organization and procedures, are further delineated in the City Code, Chapter 3.02. See portlandoregon.gov/auditor/code

Council meetings are held on Wednesday at 9:30 am. If there is sufficient business, recessed meetings are held Wednesday and Thursday at 2:00 pm or 6:00 pm.

Council Work Sessions and Notable Meetings, usually held on Tuesdays, are scheduled by the Commissioners' Execs through the Mayor's Office. (See Page 6.)

B. Definitions

There are four types of Council documents:

1. **Ordinance:** A formal document by which the Council conducts its legislative, quasi-judicial and most administrative business. An ordinance carries the binding force of law. It is passed by the Council in accordance with rules of procedure set forth by the Charter. The number of affirmative votes required for passage varies from three to five, depending upon the type of ordinance. See Part 3 H., Emergency v. Non-Emergency Ordinances. (Page 10.)

NOTE: City Attorney approval is required for contracts, amendments to contracts, easements, franchises, Code changes, Charter amendments and Comprehensive Plan amendments.

NOTE: Code ordinances must be reviewed by the Auditor's Office two weeks before the Council date. See Appendix F, Preparing Code Amendment Ordinances.

2. **Resolution:** A formal document by which the Council declares City policy or directs officers or Bureaus to take specific action. The adoption of a resolution requires three affirmative votes. Resolutions take effect immediately. Proposed amendments to the City Charter to be referred to the voters are adopted as resolutions, with the revised Charter language included as an attachment to the resolution.
3. **Report:** A formal communication from a Commissioner, select committee or Bureau to the City Council. A report may provide information, transmit documents or make recommendations. A report uses a standard memorandum format and is either received by the Council without vote (if it merely provides information/no action required) or acted on by the Council (if it contains recommendations). Adoption requires three affirmative votes.
4. **Documents from outside City government:**
Communications, Presentations by outside groups, Proclamations.

C. Council Agenda

The Council Agenda is the official weekly list of items to come before the Council. It is prepared weekly by the Council Clerk in the Auditor's Office from submitted documents. All documents must be submitted in paper and electronic form (See Section 7. Submission of Documents).

The Agenda acts as the official notice to the public and media of each Council meeting as required under Oregon's Public Meetings Law. It must be available to the public no later than 24 hours prior to the meeting. The Council Agenda is released and posted online as soon as possible on Friday.

The Agenda with associated documents are available directly from the City home page portlandoregon.gov → I Want To...→View City Council Agenda.

1. Consent Agenda

The Consent Agenda was adopted as a means of expediting business and speeding up Council sessions. Items placed on the Consent Agenda are not read aloud during the session and only one vote is taken by the Council for approval of the entire Consent Agenda. Almost any item can be placed on the Consent Agenda; exceptions are appeals, budget adjustments and hearings. Non-emergency ordinances on Consent Agenda pass to second reading.

NOTE: Passage of items on the Consent Agenda requires the unanimous vote of all members present and no less than four members present.

Pulling an item off Consent Agenda. Any individual can request removal of an item from the Consent Agenda verbally or in writing, prior to the Council vote on the Consent Agenda (Code Section 3.02.036 D.) The item will then be considered under the Regular Agenda.

2. Regular Agenda

When discussion is expected the item should be placed on the Regular Agenda. Items include Reports, Resolutions and Ordinances (emergency and non-emergency). Ordinances that increase the budget are also placed on Regular Agenda. Regular Agenda items are read and voted on individually.

NOTE: On the backing sheet, indicate Time Certain, Consent or Regular Agenda and total time needed including presentation, testimony and discussion.

3. Four-Fifths Agenda

The **Four-Fifths Agenda** is a supplemental Agenda for items that were not submitted by the filing deadline but have to be heard on the current week's agenda. To get an item on the Four-Fifths Agenda, you must obtain, on the document backing sheet, the initials of at least four City Council members **who will be present** at the meeting (initials of authorized Council staff are acceptable in place of Council initials). Once the initials are obtained, **the document must be filed with the Council Clerk no later than Tuesday at 5:00 p.m.** to be considered at either the Wednesday meetings or recessed Thursday session. The Four-Fifths Agenda is taken as the last item of business at its Wednesday or Thursday meeting.

4. Suspension of the Rules

Council can "suspend the rules" if at least four members of the Council vote to do so (Code Section 3.02.040). If a matter is deemed to be of such importance or urgency that this action is required, it becomes the responsibility of the Commissioner-In-Charge of the bureau making the request to ask for Suspension of the Rules during the Council meeting.

This is the least preferred manner of bringing an item before Council because it does not allow for prior Council review or for public notice. If at all possible, an effort should be made to inform other Council members of the item so that issues of concern can be discussed prior to the meeting. It is also advisable to inform concerned parties, if known, of the action so they may attend if they wish. Once an item is before Council under Suspension of the Rules, they may act on it as they would any other Agenda item.

D. Filing and Deadlines

All agenda documents are filed with the Council Clerk through the Mayor, Commissioners' and Auditor offices. The filing deadline for Commissioner Offices is noon on Tuesday for the following week's meetings. An earlier deadline is announced when needed due to a holiday. The Mayor and Commissioners' offices have filing deadlines for their Bureaus. Contact your Commissioner's office for their requirements.

An Impact Statement (see Appendix H) and a copy of the ordinance or resolution should be submitted to a City Budget Office financial analyst before they are submitted to the Commissioner-in-charge. This will allow review of documents and correction of any problems before the item is placed on the Agenda. Items with major fiscal impact (e.g. rate ordinances etc.) should be submitted to the Budget Office two weeks prior to filing.

All documents filed with the Council Clerk must be signed and initialed by the approving authorities and accompanied by supporting materials. All Council documents must be submitted in paper and electronic form (See Section VI. Submission of Documents).

Code deadlines: Any Code change, with the exception of Title 33 Planning and Zoning, must be approved by the Auditor's Code staff and City Attorney's Office before it is placed on the Agenda. Allow two weeks for the review process. (If the two-week process will create a difficulty, notify and make arrangements with the Code staff.) Do not make distribution copies until you have received approval. Code changes to Title 33 Planning and Zoning must be signed off by City Attorney's Office only.

Note for Commissioners: City Code 3.02.040 E (5) Matters being placed on the Agenda shall be: a. Signed by a Commissioner or the City Auditor or a designee for whom an authorization has been filed with the City Auditor. When the matter is not signed by the Commissioner in Charge or the Auditor, then notice of such action shall be given to all members of Council at least one week prior to the hearing of the matter.

E. Scheduling

Certain items require special attention. Placement of a major or controversial item on the Agenda should be coordinated with the Council Clerk and the Commissioner's Office. Times and dates for confirmed major items are posted on the Agenda web page at portlandoregon.gov → I Want To...→View City Council Agenda. Click on Upcoming Agenda Items.

The Council Clerk keeps a calendar in Outlook listing scheduled absences of Council members.

Go to Outlook→Calendar→Home tab→Manage Calendars→Open Calendar→From Room List→ Auditors-Council Absence Calendar

F. Time Certain

A Time Certain may be requested for important or controversial Agenda items where considerable public testimony is expected. The time indicates that an item will not be heard by Council **prior** to the time specified (Code Section 3.02.037).

To schedule a Time Certain item, contact the Council Clerk for an available date and time. In addition, a written request from the Commissioner-In-Charge must be submitted to the Clerk no later than four days prior to the filing deadline. Please include an estimate of how long the time certain will last. A Time Certain requiring one hour or more is scheduled for an afternoon session.

G. Amended and Substitute Ordinances and Resolutions

Corrections may be made to documents after they are filed either by amendment or substitution. A final electronic version of the amended or substituted document must be filed with the Council Clerk through the office of the Commissioner-In-Charge after passage by Council.

If the substitute or amendment is presented at the second reading of an ordinance, the item is continued to the following week.

Amendment

If the correction involves a few words or numbers it is made by amendment at the Council meeting. Inform the Commissioner-In-Charge and the Council Clerk of the amendment **prior** to the Council session. Include 7 copies of proposed amendments for distribution to Council members, City Attorney, Clerk and citizens at the meeting. A new backing sheet is not necessary. See Appendix J, Sample Amendment Memo to Council.

Substitution

If several corrections need to be made to the ordinance or resolution, a substitute should be filed. A substitute is the **replacement** of the original ordinance or resolution. **The filing process is the same as an original submission:** an original set of documents with a backing sheet—signed off by the Commissioner-in-Charge and, if needed, the City Attorney and Auditor's Office. The substitute should be filed with the Clerk **prior** to the Council meeting. Provide the original and 7 copies for distribution to Council members, City Attorney and citizens at the meeting.

Scrivener Corrections

Changes involving minor typographical (scrivener's) errors can be corrected by the Council Clerk. Email the correction request to the Clerk's Office.

Replacement Exhibits

Occasionally only the exhibits need to be corrected. These are sometimes casually referred to as "substitute" exhibits. Technically, they are replacement exhibits and are entered into the record as an amendment. At the meeting, the Commissioner-in-Charge would move to "accept the Bureau of XYZ replacement [or substitute] exhibits."

H. Council Action (Votes)

Three Council members constitute a quorum. The required number of votes needed to take action on an item is as follows:

1. Ordinances
 - a. Emergency - The unanimous vote of all members present and no less than four members present
 - b. Non-Emergency - Three votes
 - *Exception: 4 affirmative votes* required for Street Vacations & ordinances involving property sale, disposal or exchange.
2. Resolutions - three votes
3. Reports - three votes

NOTE: Passage of items on the Consent Agenda requires the unanimous vote of all members present and no less than four members present.

I. Work Sessions and Notable Meetings

Council work sessions and notable meetings (including Executive Sessions) are informational meetings where a quorum is expected but no votes are taken. The Clerk issues a meeting notice at least 24 hours in advance and audio records the meeting.

Work sessions and notable meetings are captioned, available on the City website and video archived. The Auditor does not maintain caption files or written documents for these meetings. No testimony is taken, but the public and press may attend all work sessions. Limited attendance at executive sessions is designated under ORS 192.660.

Bureau contacts should advise BGS Facilities the type of room set up they need.

“Regular”: Council and Bureau presenters use the testimony table.

“Budget-type”: extra tables are set up in a square formation.

3. ORDINANCE FORMAT (See Appendices A and B)

Per City Charter, an ordinance is an official act of the City and should pertain to one general subject. (See City Charter Sections 2-117 through 2-125) An ordinance must contain certain sections to make it an official document. An electronic ordinance form is available at portlandoregon.gov/auditor/councilclerk→ Employee Resources→Forms. Please use Arial 12 point font and one-inch side margins. Top and bottom margins are one inch but may be adjusted to fit the signature block on the previous page. Number pages in the footer (ex. Page 1 of 2).

A. Number

This is a space for the Auditor to enter the ordinance number after it has been passed by the Council. The ordinance backing sheet has this preprinted at the top. If the ordinance is more than one page, "ORDINANCE No." should appear at the top of the first page only.

B. Title (See Appendix E)

The title of a document submitted for Council action is listed in the Agenda and is used to inform the public of the proposed action. Citizens should be able to understand basic details of the ordinance from the title. Use the formula in Appendix E to include the action requested, what/with whom, purpose and the amount.

Example:

*Authorize contract with 3M Corporation for installation of red tape
at \$140,000 (Ordinance)

NOTE: Use an asterisk (*) to indicate an emergency ordinance.

NOTE: See Appendix E for complete instructions and examples.

C. Enactment Clause

Charter Section 2-119 states that every ordinance shall contain the clause, "The City of Portland ordains:" Therefore, you must include that clause in every ordinance between the title and the findings.

D. Section 1. Findings

This section follows the enactment clause and begins with, "Section 1. The Council Finds:" In this section, explain the need for the action being taken, list other ordinances, resolutions or reports which may have led to this action, and present other pertinent information necessary to understand the action to be taken. Each major point is listed numerically. When referring to previous ordinances or resolutions, list the number and date of passage/adoption as follows: "Ordinance No. 155555, passed by the Council on June 30, 1982, authorized"

E. Directive Section

This section begins with "NOW, THEREFORE, the Council directs:" and specifically outlines what action is to be taken. Each specific action should be listed separately. If an intended action is not listed here, it will not happen. The actions are listed alphabetically.

• Contract Directives

(1) When preparing ordinances approving contracts/agreements, be sure that the **people** authorized in the ordinance to sign the contract for the City are the **same people** whose names appear on the signature block of the contract. Use "Commissioner-in-Charge" when the official who signs is a Commissioner.

(2) If there is a possibility that minor changes will be made to the contract (after passage by Council), state in the Directives paragraph (a) "in a form similar to the contract attached as Exhibit A."

Example:

NOW, THEREFORE, the Council directs:

- a. The Commissioner-in-Charge is hereby authorized to enter into a contract with Company XYZ **in a form similar to the agreement attached as Exhibit A.** (Emphasis added.)

(3) Payment directive required.

Under City Charter 7-105, the Mayor and City Auditor are authorized to “draw warrants” for payment of a demand. The ordinance payment directive may use warrant language or state:

b. The Mayor and City Auditor are hereby authorized to pay for the contract from [fund source].

- **Section 2. Emergency Clause Directive**

Every emergency ordinance must have an emergency clause as the last section of the ordinance: **"The Council declares an emergency exists because [state reason]. Therefore this ordinance shall be in full force and effect from and after its passage by the Council."** (Or, after a specified date.) See page 9 Emergency Ordinances.

- **Portland Policy Document Directive**

If the ordinance establishes a City policy or a Citywide administrative rule, it must state so as a separate directive as follows: **"This ordinance [or Exhibit #] is binding City policy [non-binding City policy or Citywide administrative rule]."** (Emphasis added.) See Appendix I, Portland Policy Documents.

Portland Policy Documents are policies adopted by City Council or an authorized city official such as a Bureau Director that affect future decision making, all citizens, or all City employees. Examples are City Investment Policy (future decisions), Tacoma Main Street Plan (all citizens) and HR Admin Rules (all City employees). Examples of items that are not Policy Documents are Code, Comp Plan and Bureau Policies. PPDs are tracked by the Auditor's office and posted on the web at portlandoregon.gov → I Want To...→View City Code, Charter, and Policies.

When filing a PPD ordinance (1) include a separate directive stated above, and (2) Check “yes” in the Portland Policy Document box on the backing sheet.

F. The Lower Left Hand Corner and Signature Block

In the lower left hand corner, the words "Passed by the Council" are printed. Below these words, type in the name of the elected official(s) introducing the ordinance, the name of the preparer, initials of the typist, and the date prepared. The Auditor's signature block should be in the lower right hand corner.

G. Exhibits

Documents specifically listed in the directive section are labeled and attached as exhibits to the ordinance. The exhibit becomes a part of the ordinance and is just as binding as if the words had been typed into the ordinance.

Only essential information should be referenced as an exhibit. Background information should be presented in a memo to Council or distributed to the Council members in a separate document if it does not need to be part of the record.

For LARGE electronic files, supply:

- PDF file for exhibits 300 pages or larger. Create a one-page Exhibit for the paper filing with the statement, "See on-line Agenda at portlandoregon.gov → I Want To...→View City Council Agenda." Submit the pdf in the transmittal email with your electronic files. Clerk will use this pdf file for the online agenda.

Or, for very large exhibits,

- Web link to the posting on your Bureau's web site. Create a one-page Exhibit with this link for the paper filing. Submit this page in the transmittal email with your electronic files in PDF format to preserve the "live" link Clerk will use this page for the online agenda.
- If applicable, provide an Executive Summary

Note: One paper version is required with your original ordinance, resolution or report, unless the exhibit is over 300 pages.

H. Emergency vs. Non-Emergency Ordinances

There are two types of ordinances acted on by the Council: Emergency and Non-Emergency. The primary difference is the time required for the ordinance to take effect and the number of votes required for passage.

1. **Emergency Ordinance (Appendix A):** This type of ordinance becomes effective immediately upon passage by the Council unless a date is specifically stated in the ordinance. The unanimous vote of all members present and no less than four members present are required to pass an emergency ordinance.

Every emergency ordinance must have an emergency clause as the last section of the ordinance. The clause begins with the statement: **"The Council declares an emergency exists because . . ."** and is followed by the statement, **"Therefore this ordinance shall be in full force and effect from and after its passage by the Council." (Or, after a specified date.)**

The reasons for declaring an emergency vary widely. It is not sufficient to state there is an emergency. The Charter requires that the facts or reasons constituting the emergency must be stated specifically and distinctly.

An emergency ordinance is designated by an asterisk (*) preceding the title on the ordinance form and preceding the Agenda number on the Agenda. If Section 2 is used for additional directives in the directive section, number the emergency clause Section 3 or Section 4, as appropriate.

2. **Non-Emergency Ordinance (Appendix B):** This type of ordinance becomes effective 30 days after final passage by the Council. The ordinance must be read on two separate occasions at least five days apart in Council (City Charter Section 2-120). It requires only three affirmative votes for passage.

When a non-emergency ordinance is amended or substituted at a second reading, it is continued to the following week.

Exceptions:

- a. City Charter 1-104 requires at least four affirmative votes for ordinances authorizing street vacations and the sale, disposal or exchange of real or personal property.
- b. City Charter 2-123 states ordinances (a) making appropriations and the annual tax levy and (b) relative to local improvements and assessments thereof (LIDs) shall take effect immediately.

I. Budget Amendment Ordinances

Budget amendments occur in the Budget Monitoring Process (BuMP). However, there may be exceptions from time to time. In these rare cases follow these procedures:

- Have City Budget Office (CBO) review the ordinance, Impact Statement and backing sheet before it is submitted to a Commissioner-in-charge.
- When approved as to form, CBO will sign off on the backing sheet Impact Statement box.
- Ordinance title should read "Amend the FY ... budget".
Example: Amend the FY 2018-2019 budget to accept a \$50,000 grant from Oregon Department of Transportation for highway Work Zone Enforcement safety program (Ordinance)
- State in the ordinance directive section that the City's appropriation schedule is being amended.

Grants. The new-grant acceptance ordinance is also the appropriating ordinance for grant projects scheduled during the current fiscal year. Per the OMF Grants Office, all new grant awards are to be appropriated through the ordinance process, and the BuMPs should only be used to make necessary adjustments. See Grants Office webpage for ordinance and Impact Statement templates and examples.

J. Backing Sheet (See Appendices A-1 and B-1)

The backing sheet for an ordinance is printed on the back of the last (or only) page of the original document. The last page of the ordinance is the page with the signature block. An electronic backing sheet form is available at portlandoregon.gov/auditor/councilclerk → Employee Resources→Forms. Make sure that all sections are retained. The backing sheet is used to show approvals and, eventually, Council action (votes).

On the backing sheet, in the space provided, the title of the ordinance is typed **exactly** as it appears on page 1 of the ordinance. A 12 point font is preferred for the title, never use less than an 11 point font. An asterisk (*) **must** precede the title if the ordinance has an emergency clause. Include parenthetical material such as: (Ordinance; amend Code Section 33.120) or (Ordinance; amend Contract No. 36966) to assist in tracking.

An example of a backing sheet for an emergency ordinance is included as Appendix A-1. An example backing sheet for a non-emergency ordinance is shown in Appendix B-1.

Type the name of the Mayor, Commissioner or Auditor introducing the ordinance in the section headed "INTRODUCED BY."

The Commissioner or an authorized representative must sign or initial the document on the appropriate line in the "COMMISSIONER APPROVAL" section.

In the section headed "BUREAU APPROVAL," type in the requested information and have it signed or initialed by the Bureau head. The Impact Statement is required and should be submitted with the ordinance. Also, if the budget is amended, check the box provided. (See Appendix H)

Portland Policy Document: Indicate in this box whether or not the ordinance contains binding or non-binding city policy or administrative rule. (See Appendix I.)

City Auditor Office Approval is required for Code Ordinances. Contact Code staff at x34022 for official current Word version prior to making amendments. Submit amended code for review two weeks prior to intended Council meeting date.

City Attorney Approval box provides space for City Attorney signoff on certain documents. City Attorney approval is required for **contracts, contract amendments, easements, franchises, Charter amendments, Comprehensive Plan amendments and Code changes.** The Council Clerk will not place these items on the Agenda without City Attorney signoff. The City Attorney may approve contracts and contract amendments "as to form" on the signature page of the contract. In this case sign-off on the backing sheet is not necessary.

In the Council Meeting Date box, list the expected date the item will come to Council.

In the section headed "AGENDA," check whether the ordinance should be placed on the Time Certain, Regular or Consent Agenda. Include the total amount of time needed including presentation, testimony and discussion. Ordinances that increase a bureau's budget or a hearing of any type must be on the Regular Agenda. All other ordinances may be on Consent if no discussion is expected.

When there are two or more items that go together, indicate "1 of X", "2 of X", etc. in the AGENDA box to indicate what order they should be placed on the agenda.

The rest of the backing sheet should be left blank, as it will be filled in by the Auditor's Office at the time of filing, during the Council meeting, or after Council action.

4. RESOLUTION FORMAT (See Appendix C)

A resolution is a formal document and is required to contain certain sections. An electronic resolution form is available portlandoregon.gov/auditor/councilclerk → Employee Resources→Forms. Arial 12 point font is preferred; never use a font less than 11 points. Number pages in the footer (example: Page 1 of 2).

A. Number

The words "RESOLUTION No." should appear at the top of the first page of the resolution. The Auditor's Office will fill in the number after the resolution has been adopted by the Council.

B. Title

The next section on the resolution is the title. The title should be a brief statement of the purpose of the resolution and cover at least the major statement or directive. A major purpose of the title is to inform the public, so be brief and summarize what the resolution will do. It should always start with an action verb such as "declare," "create" or "commend."

C. Whereas Section

The next section on a resolution contains a list of paragraphs all starting with the word "WHEREAS." In this section list the reasons for this resolution and provide background and references that will help others understand the resolution and the reasons for its adoption. If references are made to other resolutions, refer to the date of adoption as well as the resolution number.

D. Resolved Section

The next section is the critical one. It should be one or more paragraphs stating exactly what the resolution is doing. It always starts with the words, "NOW, THEREFORE, BE IT RESOLVED," and states the primary or most important purpose first.

If necessary, this paragraph is followed by one or more paragraphs giving additional directives, statements of intent, etc. These paragraphs begin with the words, "BE IT FURTHER RESOLVED."

If the resolution outlines binding city policy, non-binding city policy or administrative rule, it must state so as a separate resolved section as follows: "BE IT FURTHER RESOLVED, this resolution is binding city policy [non-binding city policy or administrative rule]." See Appendix I, Portland Policy Documents.

E. The Lower Left Hand Corner and Signature Block

In the lower left hand corner, the words, "Adopted by the Council" are printed. Below those words, type in the name of the elected official introducing the resolution, the name of the preparer and initials of the typist, and the date prepared.

The Auditor's signature block should be in the lower right hand corner.

Do not use the footer for this section. Headers and footers do not show in our electronic filing system.

F. Exhibits

Documents to be adopted by the resolution, such as reports, etc., are labeled and attached as exhibits. When an exhibit is incorporated by reference, it becomes a part of the resolution.

Only essential information should be referenced as an exhibit. Background information should be presented in a cover memo or distributed to the Council members in a separate document if it does not need to be part of the record.

G. Backing Sheet (See Appendix C-1)

The backing sheet for a resolution is the back of the last (or only) page of the original document. An electronic backing sheet form is available at portlandoregon.gov/auditor/councilclerk → Employee Resources→Forms. The backing sheet is used to show Council action.

The title of the resolution is typed in the space provided as shown and should **exactly** match the title on page 1 of the resolution. Use 12 point font for the title, never use a font less than 11 point.

Type the name of the Council member or Auditor introducing the resolution in the space titled, "INTRODUCED BY."

The Commissioner or an authorized representative should sign or initial the resolution on the appropriate line in the section headed, "COMMISSIONER APPROVAL."

In the section headed "BUREAU APPROVAL," type in the requested information and have it signed or initialed by the Bureau head. The Impact Statement is required and should be submitted with the resolution. (See Appendix H.)

Portland Policy Document: Indicate in this box whether or not the resolution contains binding or non-binding city policy or administrative rule. (See Appendix I.)

Council Meeting Date: list the expected date the item will come to Council.

City Attorney Approval is required for certain resolutions. Example: Any resolution proposing a ballot measure to amend the Charter must be reviewed by the City Attorney. A City Attorney sign off in this box indicates the resolution has been approved.

In the section headed "AGENDA," check whether the resolution should be placed on Time Certain, Regular or Consent. Resolutions may be on the Consent Agenda unless there are people who will be present to testify, a hearing is required, or other reasons dictate. Give the total amount of time needed including presentation, testimony and discussion.

When there are two or more items that go together, indicate "1 of X", "2 of X", etc. in the AGENDA box to indicate what order they should be placed on the agenda.

5. REPORT FORMAT (See Appendix D)

A report is a formal communication to the Council, but is less formal than an ordinance or a resolution. Reports provide information, recommendations and present projects and project updates. They are also used to make appointments to boards or commissions, approve bids and accept completion of a project.

A. Report Sections

Reports may be prepared in two sections, (1) a cover memo and (2) exhibits.

1. The cover memo is prepared on the letterhead of the Bureau or Office submitting the report to Council. The memo gives enough information so members of the Council, the public and the press can understand the major issues of the report.

2. Documents that are an integral part of the report should be labeled and attached as exhibits.

B. Report Backing Sheet (See Appendix D-1)

The backing sheet for a report is the back of the last (or only) page of the report cover memo. An electronic backing sheet form is available at portlandoregon.gov/auditor/councilclerk →Employee Resources→Forms. The backing sheet is used to show Council action.

The title of the report is typed in the space provided and should briefly describe the nature of the report. Use 12 point font for the title, never use less than 11 point font. See Appendix E for Report title examples. The title should start with an action verb to indicate the recommended disposition:

Accept report of the Excellence in Government Task Force (Report)

Type the name of the Council member or Auditor introducing the report in the space titled "INTRODUCED BY".

The Commissioner or an authorized representative should sign or initial the report on the appropriate line in the section headed "COMMISSIONER APPROVAL."

In the section headed "BUREAU APPROVAL," type in the requested information and have it signed or initialed by the Bureau head. The Impact Statement is required. (See Appendix H). The next box to complete is the expected date the item will come to Council.

In the section headed "AGENDA", check whether the report should be placed on Time Certain, Regular or Consent. Give the total amount of time needed including presentation, testimony and discussion.

The rest of the backing sheet is completed by the Auditor's Office. Unlike ordinances and resolutions, reports do not receive numbers following Council action and are tracked by their Agenda item numbers.

C. Report Format for Citizen Appointments to Boards and Commissions (See Appendices D-2 and D-3)

City Charter Section 2-601 states: "The Mayor shall appoint members of boards and commissions subject to Council confirmation". As part of the appointment process, Bureaus prepare the Report using the Mayor's letterhead and submit it to the Mayor's office for filing with the Council Clerk. **Include a brief bio, and a statement of interest from the appointee regarding why they would like to serve.** See Appendix D-2 and D-3 for a sample appointment Report and backing sheet. Impact Statement is required. Do not include the Office of Community & Civic Life application form.

Use the Report format for all appointments except Home Forward, IPR Citizen Review Committee and FPD&R Trustee. These are made in Resolution format per City Code and/or ORS.

D. Procurement Reports

Procurement Reports are submitted for Construction and Goods & Services. A report on Bureau letterhead, backing sheet and impact statement are submitted.

6. PRESENTATIONS BY GROUPS OUTSIDE CITY GOVERNMENT.

Agenda Time Certain items sponsored by a Commissioner on behalf of a community organization are identified on the Agenda as "Presentations." **Timbers Army, Steve Lowenstein Trust Award, Latino Family Day, Rose Festival Court, Travel Portland are examples of groups that give presentations to Council.** Presentations require a memo, but no backing sheet or Impact Statement.

Presentation (by outside group) vs Report (from a Bureau or Elected Official)

Projects that receive City funding and have Bureau/Elected Official involvement with community groups, or other groups outside city government, are **Reports** (submitted with memo, backing sheet and Impact Statement). Examples: Regional Arts & Culture Council, Sunday Parkways, 1000 Garden.

Presentations: announce an event; highlight a group.

Reports: update on projects involving a Bureau, Commissioner or Auditor Office.

7. SUBMISSION OF DOCUMENTS

The Auditor's Office requires that both paper and electronic copies of documents be filed with the Council Clerk via the Commissioners' offices in order for an item to be placed on the Council Agenda.

A. Paper Copies

It is important that all paper originals are submitted on 8-1/2 x 11 paper and are clearly legible so they can be easily scanned.

Order of Documents

ORIGINAL

- **Single-side** Ordinance, Resolution or Report memo. **Double-side** exhibits.
- Do not 3-hole punch or staple.

- Signature authority in ordinance needs to match contract.
- If submitting **original** contract/amendment for Council member signature:
 - Attach a note to document indicating it is an original for signing & include bureau contact's information.
 - Contract/amendment must be approved by the City Attorney.
- If **not original** document have City Attorney sign off on ordinance backing sheet in lieu of approving documents as to form.

If you have contract routing questions email Toni Anderson or Diane Bilyeu.

The Council Clerk distributes the copies as follows:

Original: City's permanent records. This document is taken to Council and the vote is recorded on it.

- | | | |
|----------------|-----------------------|------------------|

B. Electronic Copies

An electronic copy of every Council document is required. Bureaus should e-mail electronic copies to the office of the Commissioner-In-Charge. The Commissioner's office will be responsible for verifying that the paper and electronic copies match before forwarding them to the Council Clerk. The Council Clerk will not accept electronic copies directly from bureaus.

Email Required Elements:

- ✓ Bureaus email only to Commissioner-In-Charge's office.
- ✓ Only one Ordinance, Resolution or Report per email.
- ✓ Files should be sent in Word docx format whenever possible. Pdf format is acceptable for exhibits when Word format is not practical.
- ✓ Subject line: Enter first line of the title of the ordinance/resolution/report.
- ✓ Council date you want item to be heard.
- ✓ Each document should be a separate electronic file. Example: Ordinance, backing sheet and contract should be sent as separate files. Please be sure to send the actual document. If the file is too large to email, provide a link to the document.
- ✓ File name should identify whether the document is the ordinance, contract, report, etc.
- ✓ Please list documents not available in an electronic format.
- ✓ Most importantly if you revise a council document please resend all the documents and indicate in the regarding line that this is the revised version. Also, include a brief summary of what has changed from the original version.

Electronic Documents No No's

Do not:

- ❖ Use read only format.
- ❖ Use Auto dates. It changes every time you open the file and since the electronic is supposed to be as similar to the hardcopy as possible we can't have that.
- ❖ Have strikethroughs or underlining unless it's going to be in the final document. IE code changes. **If you tracked your changes when producing the document please accept all changes AND hit "Save" before sending it on.**
- ❖ Use form set-ups that do not allow us to edit the document.
- ❖ Send document in template format.
- ❖ Turn document into PDF if it is available in its original Word format.
- ❖ Combine documents. IE. Ordinance, Backing Sheet, Contract etc.
Note: By this we do not mean to break up documents like reports. For example, if you have a report and it has a cover sheet, table of contents, reference pages etc please keep this together as one document if at all possible.
- ❖ Use header for "Ordinance No." OR footer for the "Passed/Adopted by Council" and signature block at the bottom of the last page.

See sample email on next page.

ORDINANCE No.

Amend an Intergovernmental Agreement with the University of Washington for additional services to enhance and provide maintenance and training for the Portland Water Bureau Supply and Transmission Model for an amount not to exceed \$29,200 (Ordinance; amend Contract No. 12345)

The City of Portland ordains:

Section 1. The Council finds:

1. The City entered into Contract No. 12345 on May 18, 2002 with the University of Washington (UW) to provide engineering consulting services to provide maintenance and training for the Portland Water Bureau's Supply and Transmission Model (STM).
2. The original Contract authorized the City to negotiate services with the UW for Phase 1 to enhance and provide maintenance and training for the STM. Included in the original contract were provisions to retain UW for Phase 2 of the project. The City now requires additional services to complete tasks 9, 10, and 11 per original scope of work.
3. An amount not to exceed sum of \$29,200 as proposed by the UW for additional services is considered reasonable and proper compensation, bringing the total Contract Amount to \$64, 481.
4. Funding for this project is included in the Bureau's FY 2005-2006 budget.
5. Appropriations to enhance and provide maintenance and training for the STM are included in the Bureau's FY 2001-2002 budget and Capital Improvement Program.

NOW, THEREFORE, the Council directs:

- a. That the Commissioner-in-Charge is authorized to execute an amendment to Contract No. 12345 between the City and the University of Washington as outlined in a form similar to the contract attached as Exhibit A, at a cost not to exceed \$29,200.
- b. The Mayor and City Auditor are hereby authorized to pay for the contract from [fund source]. *[Or use "draw and deliver warrants" statement.]*

RESOLUTION No.

Accept the Willamette Valley Resilience Compact and authorize joining other Willamette Valley jurisdictions to collaborate on climate change adaptation (Resolution)

WHEREAS, a number of Oregon cities, counties, and regional governments, including the City of Portland, have developed climate action plans as well as formed collaborations on economic development, natural hazards mitigation, and research on water quality and quantity; and

WHEREAS, The Resource Innovation Group's (TRIG) *Climate Future Forums* work throughout the region in 2008-2010 assembled over 250 regional experts to review down-scaled regional climate change scenarios, identify impacts to various systems, and propose strategies for building resilience; and

WHEREAS, across the Willamette Valley, similar impacts and recommendations for reducing climate change risks were proposed, and opportunities identified to scale up these efforts and work collaboratively on attracting technical and financial resources for the region; and

WHEREAS, TRIG is proposing a Willamette Valley Resilience Compact (Compact) among city and county governments to coordinate and enhance efforts to build the resilience of the Valley to anticipated impacts from a changing climate; and

WHEREAS, collectively, the Compact parties will have added leverage by developing joint policy positions on legislation at the federal and state level for priority interest areas, including food, energy, emergency management, climate mitigation and adaptation, public health, infrastructure investments, and environmental restoration, among others; and

WHEREAS, collaboration on projects at the regional level and issues of interest will reduce duplication of efforts, expand on best practices, and help leverage capacity and resources; and

WHEREAS, a regional initiative or project may be more attractive for federal or state agencies to engage due to efficiencies and effectiveness in providing technical support at a larger scale; and

WHEREAS, unique opportunities for funding from the state, federal government or foundations may emerge from a regional approach; and

WHEREAS, collaboration at this scale will set a model for climate adaptation and resiliency work across the Pacific Northwest and the country; and

[Sample 2-page document. Original is single-sided-- this side of page 1 is blank.]

WHEREAS, the Compact provides an opportunity for the Willamette Valley to come together around a shared understanding of climate change impact risks and develop a shared vision of future prosperity and resiliency for the region; and

WHEREAS, the first annual Compact Summit, held on December 12, 2011, brought together representatives and elected officials from across the Willamette Valley, along with state agencies and supporting organizations, to build momentum for the Compact adoption by local governments across the region; and

WHEREAS, the City, other Willamette Valley Resilience Compact signatories, and The Resource Innovation Group (TRIG) anticipate that the Compact will form the basis for regional collaboration and understand that the Compact is not intended to obligate any party to take any particular action and is not legally binding.

NOW, THEREFORE, BE IT RESOLVED that the proposed Willamette Valley Resilience Compact attached as Exhibit A is accepted by the City Council as a framework to further regional collaboration on climate adaptation; and

BE IT FURTHER RESOLVED that the Mayor may sign the Willamette Valley Resilience Compact in a form substantially in accordance with the agreement attached as Exhibit A to memorialize the City's intentions to work collaboratively with other Willamette Valley jurisdictions.

TITLE DRAFTING INSTRUCTIONS

The Clerk's office has developed a Title style to promote an Agenda that is easy to read and uniform in appearance. Please follow these guidelines when writing your document titles.

Step #1. If your current ordinance/resolution is an update or amendment of an earlier document, go to the "Efiles" data base at www.portlandoregon.gov/efiles and look up the previous document. This document will have the title **AS EDITED** by the Clerk's office. Simply copy and update the title for your new ordinance.

Step #2. For new documents, use the formula for writing titles and follow the rules below.

1. Start with an active verb: Authorize, Accept, Amend, Extend, Increase, Adopt, Appoint, Apply, etc.

2. What is it: contract, bid, report, easement, etc.

with Whom: Name of citizen, corporation, or government entity.

3. What is the purpose and how much will it cost?

4. Identification data in parentheses

(Ordinance, Resolution, Report or Presentation) If applicable add “;[semi-colon] amend” followed by “Contract No. xxxxx”, “Code Section xx.xx” , “Ordinance No. xxxxxx”, etc.

Rules

- No acronyms or abbreviations for companies, bureaus or programs. Use full business names (use of Inc., Co. and LLC are ok). Acronyms are fine to use within the document, but not in the title. Exceptions: use TriMet for Tri County Metropolitan Transportation District and FY for Fiscal Year.
- No Legal descriptions or Center Code numbers in the title. These are appropriate within the document.
- Use “City” instead of “City of Portland”
- No gerunds (amending, substituting, contracting, etc.)
- Use “St”, “Ave”, “Blvd” for “Street”, “Avenue”, “Boulevard”
- Avoid possessive nouns. For “City’s,” “Department’s,” “Great Program’s” use “City”, “Department”, “Great Program.”
- Do not capitalize every word. No underlining or bolding. No italics (except for court case names).
- Use an asterisk [*] to indicate an emergency ordinance.

PREPARING CODE AMENDMENT ORDINANCES

NOTE: Please review the Form and Style Manual (Appendix G, which follows), before preparing Code amendment ordinances. Ordinances adding and amending sections of the Code must follow these guidelines and must obtain City Attorney and Auditor's approval prior to placement on the Council Agenda. Remember that Code ordinances must be reviewed by the Auditor's Office two weeks before the Council date. (Do not make distribution copies until you have received approval).

The entire City Code is available on the Internet in a searchable format, accessible through portlandoregon.gov → I Want To...→View City Code, Charter, and Policies.

As with all other Council documents, code amending ordinances must be submitted to the Council Clerk in electronic format through the office of your Commissioner-In-Charge. **Request a copy of the current Word version from the Code staff – 823-4022 – for drafting your code change.**

Code may be amended in the following ways: Changes / Repeals / Additions / Substitutions

1. **CHANGES:** The text is changed by deletions or by new wording.

As a general rule, changes should be handled as follows:

Existing text is deleted by using ~~strikeouts~~.

New text is underlined.

Do not use Microsoft Word “track changes” feature.

EXAMPLE:

NOW, THEREFORE, the Council directs:

Section 33.701.110(b), Planning and Zoning, is amended as follows:

(b) ~~Rotating and animated signs~~ Signs with rotating or moving parts are not permitted allowed.

NOTE: DO NOT use bold, highlights or brackets in lieu of strikeouts and underlining.

2. **REPEALS:** A subsection, section or chapter is removed from the code, not to be replaced. If an entire subsection, section or chapter is involved, indicate sections or subsections to be repealed by number or letter. One sentence will clearly indicate your intent.

EXAMPLE:

NOW, THEREFORE, The Council directs:

- a. Subsection 22.04.020 is hereby repealed.

- 3. **ADDITIONS:** A new subsection, section or chapter is added. Do not underline text of entire Chapters, sections and subsections when adding to the City Code. Instead, identify it as added text in your instructions. Identify the additions by number or letter.

EXAMPLE:

NOW, THEREFORE, the Council directs:

- a. City Code Chapter 3.02 is amended by **adding** a new section follows:

2.04.030 Pre-election Publication. No city voters' pamphlet shall be required for an election subject to this chapter unless:

- 4. **SUBSTITUTIONS:** An entire title or chapter is repealed and replaced with a new one. Express substitution in the instructions instead of using brackets or underlining.

EXAMPLE:

NOW, THEREFORE, the Council directs:

- a. Title 16 of the City Code, Vehicles and Traffic, is hereby amended by substituting the following chapter for existing Chapter 16.40:

Chapter 16.40, Parades and Processions

16.40.010 Purpose The purpose of this chapter is to provide regulation of special events requiring the use of City services and public streets.

16.40.020 Permit Required A permit is required.

5. MISCELLANEOUS:

Indexes, etc.

Include section titles for the Chapter Index if new sections are being added/deleted. Example:

33.81.010 Purpose
33.81.020 Definitions
33.81.030 ~~Resident~~Occupancy
33.81.040 Density
33.81.050 Design

Renumbering: If text is deleted or added, which requires renumbering of subsequent text, it should be noted in the ordinance.

NOTE: When preparing a Code amendment ordinance, changes should be included in the body of the ordinance with the exception of major changes, i.e. entire rewrites of Code Chapters. These may be attached as a separate exhibit but must be referenced as an Exhibit in the ordinance itself.

**CODE OF THE CITY OF PORTLAND, OREGON
FORM AND STYLE MANUAL**

City Auditor's Office

INTRODUCTION

The purpose of this manual is to provide form and style guidelines that can be used to draft ordinances adding and amending sections of the Portland City Code.

This manual supplements the “United States Government Printing Office Style Manual,” 2016 Edition; the “Form and Style Manual for Legislative Measures of the Oregon Legislative Assembly,” 2017-2018 Edition; and the “Merriam-Webster's Collegiate Dictionary” (for word spelling). These references should be consulted for questions not covered in this manual.

Drafters of ordinances proposing new sections and amendments to the Code of the City of Portland are expected to follow the guidelines in this manual. Ordinances that are materially deficient in this regard will be returned to the originating Bureau for correction prior to placement on the Council agenda.

This manual is intended primarily as a style and format guide for the City Code and Ordinances amending the Code. Some specific preparation details for ordinances proposing Code changes are included in this manual (i.e., submission of key word identifiers for index, treatment of charts and graphs, etc.).

The City Code is published on the Internet and is available from the City's homepage. Email Toni Anderson or Diane Bilyeu to request a Word version of the Title, Chapter or Section you are amending prior to beginning work or for any questions regarding Code format.

CODE LAYOUT

Major divisions of the Code: The Portland City Code is organized into Titles, Chapters and Sections. A Title generally encompasses one broad subject; for example, Title 5 covers Revenue and Finance. Major divisions within Titles are called Chapters, and divisions within Chapters are called Sections.

On the first page of a Title is a Table of Contents that lists all the Chapter headings in the Title. If a chapter has more than one Section, the Chapter also begins with a table of contents of all Sections within that particular Chapter. (There is no Chapter Table of Contents if there is only one Section in the Chapter.)

Numbering of Sections: The numbering system consists of three parts. The first part is the Title number, the second part is the Chapter number, and the third part is the Section number. For example, Section 33.11.010 is Section 010 of Chapter 11 of Title 33.

As a general rule, Section numbers are ten points apart (for example, 12.06.010, 12.06.020, etc.). New Sections added are generally sequenced where appropriate in between the ten-point sections in divisions of five (for example, 12.06.010, 12.06.015, 12.06.020, etc.). When Sections are already sequenced in groups of five, new Sections can be added as 12.06.011, 12.06.012, 12.06.013, etc. Sections in new Chapters should have a ten-point spread so there is room for new Sections in later amendments.

Numbering within Sections: The following standard outline sequence should be used when adding, amending, or replacing Code sections:

- A. subsection
 - 1. paragraph
 - a. sub-paragraph
 - (1) sub-sub-paragraph
 - (a) sub-sub-sub-paragraph
 - (i) sub-sub-sub-sub-paragraph

CODE ORDINANCE PREPARATION

Referring to Divisions in the Code: When referring to divisions in the Code, use the entire reference number. For example, "see Chapter 12.06" (Chapter 6 of Title 12). The entire Section number should be recited when referring to Code Sections (for example, "see Section 12.06.010").

Always refer to the specific paragraph, subsection, or Section. Do not use such terms as herein, above, foregoing, etc., in referring to any portion of the Code.

When referring to a division in the Code, make sure the division has not been repealed or altered.

PORTLAND POLICY DOCUMENTS

WHAT ARE PORTLAND POLICY DOCUMENTS?

The Portland Policy Documents began as a joint initiative of the Mayor's Office and Auditor's Office to capture City policies and administrative rules in one central location. The policies affect future decision-making, the general citizen population or all City employees. Ordinance No. [175959](#), effective in October 2001, created the Policy Documents and directed the Auditor to gather all City policies and rules and publish them on the Internet.

WHAT TYPES OF DOCUMENTS ARE INCLUDED IN THE PORTLAND POLICY DOCUMENTS?

- Binding City Policies. Adopted by City Council ordinance or resolution, these policies have a binding effect or serve as mandatory approval criteria for future decision making. (Example: [Sister City Criteria](#))
- Non-Binding City Policies. Adopted by City Council ordinance or resolution, these policies express the Council's opinion but do not have a binding effect or serve as mandatory approval criteria for future decision making. (Example: [Tacoma Main Street Plan](#))
- Administrative Rules Adopted by City Council. Adopted by City Council Ordinance or Resolution, these rules are binding requirements, regulations, or procedures which affect citizens or all City employees. ([Equal Employment Opportunity \(EEO\)/Affirmative Action](#))
- Administrative Rules Adopted by Bureaus Pursuant to Rule Making Authority. Adopted by the Bureau pursuant to authority expressly delegated by City Council, these are binding requirements, regulations, or procedures which affect citizens or all City employees. (Example: [Stormwater Management Manual](#))

WHAT TYPES OF DOCUMENTS ARE NOT INCLUDED?

- [City Code](#). The City Code is maintained separately by the City Auditor. However, administrative rules currently contained in the City Code should eventually be moved to the Policy Documents. (Example: Title 4 Personnel was repealed when HR Rules were enacted).
- [Comprehensive Plan](#) Policy. Comprehensive plan policies are organized and maintained within the framework of the City's Comprehensive Plan.
- Bureau Policies or Work Rules. Unlike Bureau adopted Administrative Rules, these policies do not have a binding effect on all City employees or the general citizen population.

Establish a processing fee for street tree ornamental lighting permits (Ordinance)

The City of Portland ordains:

Section 1. The Council finds:

1. Ornamental lighting in street trees in an important and identifying characteristic of some of the business districts in Portland. The presence of ornamental lights in City trees has steadily increased over the past ten years. A citywide policy directing proper installation, use, and maintenance of ornamental lights in City trees is needed to protect the City's green infrastructure.
2. The Tree Lighting Task Force was formed in October 2005 to recommend a citywide policy for street tree lighting. The task force developed policy guidelines for affixing ornamental lighting in trees which have been approved by the Urban Forestry Commission.
3. Section 20.40.070F of the City Code provides that Council may establish, by ordinance, inspection fees as part of the tree permit process.

NOW, THEREFORE, the Council directs:

- a) All ornamental lights in street trees will be installed and maintained substantially in conformance with the Tree Lighting Task Force policy guidelines for affixing ornamental lighting in trees attached as Exhibit A
- b) The fee for a street tree ornamental lighting permit is \$35.00 plus an additional charge depending on the number of trees covered by the permit substantially in conformance with the ornamental lighting permit fee structure attached as Exhibit B.
- c) This ordinance is binding City policy. [Highlighting added.]

 From: **[ORDINANCE PRESENTER'S NAME]**

RE: Amendment request for Council Agenda Item 1443

Authorize negotiation of an Intergovernmental Agreement with the State of Oregon and negotiation of a Vendor Contract for the implementation and support of the Bureau of Development Services Computerized Permit Tracking System—in coordination with the State of Oregon eBuilding Permit system (Ordinance)

Due to an oversight [or state other reason], the following changes are needed in the Council Directives [or state part of document]. The amendment will be presented at the Council meeting on [date].

NOW, THEREFORE, the Council directs:

- b. The ~~Purchasing Agent~~Chief Procurement Officer is hereby authorized to negotiate a new sole source contract with Accela that will be brought to Council for final approval.
- c. The Debt Manager is hereby authorized to begin the process of establishing a line of credit.

Some Common Mistakes

- Excessively wordy or vague ordinances. In the spirit of being understandable to the public, succinctly state purpose. Example: Contract with ABC Co. for landscape improvements in Wilshire Park in the amount of \$1,000 (Ordinance)
- Failure to get City Attorney signoff on original contracts, easements, Charter and Comprehensive Plan amendments and Code changes.
- Paragraph numbering that is not correct. Be sure to proof your document.
- Making copies of the backing sheet (there only should be an original backing sheet).
- Using out-of-date backing sheet. Current electronic form is available at portlandoregon.gov/auditor/councilclerk → Employee Resources→Forms
- Backing sheet backed to wrong page of document. Backing sheet should be backed to the ordinance/resolution page with the signature block. For reports back to last page of transmittal memo.
- Do be sure titles on backing sheet and ordinance match exactly.
- Do proof your document for spelling errors and make sure all the names are correct -- **especially important when you use boilerplate**.
- Do use “Commissioner-in-Charge” language in contract ordinances. The ordinance directive should read that the Commissioner-in-Charge is authorized to enter into a contract.
- When requesting a Time Certain, let Clerk know if other agenda items will go with it and what order they should appear on the agenda.
- Do not use font smaller than 12 point.
- Do staple the copies of small packets rather than paper clipping (don’t staple original) and 3-hole punch 10 sets of copies.
- Do not leave off elements on document forms, i.e., Commissioner's name, document preparer and date prepared plus Auditor's signature block.
- Sending an electronic copy that does not match the paper original. These must match exactly in all formatting (including margins and font) as well as content.
- Sending electronic copy with TRACK CHANGES on. **If you tracked your changes when producing the document, please accept all changes AND hit “Save” before sending it on.**

TIP: For computer warning before printing, saving or sending a file that has tracked changes and/ or comments: File >Options >Trust Center >Trust Center Settings > Privacy Options, check box next to Warn before printing, saving or sending a file that contains tracked changes or comments.
