"H"

Aug 13 - 80

Attn: Chris Knutson

Sir,

I am requesting that a yellow line - no parking - be painted in front of this 4plex. The big problem is the employees of P. N. H. Bell Co. whose building is on the corner of N.E. 26th and Broadway. They use the streets for their daily parking privileges with no consideration of the tenants who reside here.

I must explain that I am disabled and would love to be able to get to the curb to get to my transportation whether it be ^{by} taxi or the Met lift. Right now, there is a large Buick sedan taking up the space. Today, I'm having Oral Surgery and when I come home, if that car is still parked there, I feel like getting a brick and smashing the wind shield before the Novacaine wears off.

I tried calling the main business office

of Ma Bell's and the "sweet" voice suggested the yellow line.

Then too, one other tenant goes to Good Sam hospital every day where her husband is gravely ill and her son picks her up but she has ^{to} stumble over the roots of three huge ancient chestnut trees too. The street cleaners never pick up the debris in the gutters.

Boy! I sound like a biddy. I'm not really - just frustrated because only one half of me works, physically, that is.

Please consider my request.

Mr. Don Bergstrom
Bureau of Traffic Engineering
City of Portland
317 SW Alder
Portland, Oregon 97204

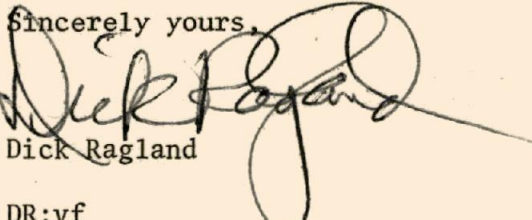

Dear Mr. Bergstrom:

I am a resident of the Hollywood area in Portland, residing at 1834 NE 37th, at the intersection of 37th and Hancock. As you know, 37th allows through traffic, while Hancock has stop signs going each way. Due to the geometrics of the intersection: the location of the stop signs relative to the curb at 37th and a retaining wall, numerous traffic accidents occur. I would estimate there is a near miss every day (brakes squealing, horns honking) and fender-benders every few weeks. Serious accidents have also been seen in the year and a half I have lived there.

I am requesting your bureau investigate options for solving the problem and send a letter to me and the Hollywood Neighborhood Association with your recommendations.

Thank you very much for your attention to this problem and I look forward to hearing from you.

Sincerely yours,

Dick Ragland
