- 1.** Adding one (1) new field for organized sports use where there is current or previous (last 10 years) approved organized sports use elsewhere at the school or park site. The new field must be no more than 300 feet from the current or previous organized sports use. The addition of two (2) or more fields requires a conditional use. A new field more than 300 feet from the current or previous organized sports use requires a conditional use (see Title 33);
 - 2.** Upgrading, improving, or converting an existing recreational field for organized sports use primarily by older youth (ages 13-17) or adults (for baseball, age 10 and older), where there is no such current or previous (last 10 years) use on the subject field;

The notice shall include the type, size, location, and setbacks proposed for the field as well as the current (if any) and proposed sports user groups. The public notice of proposed field improvement will provide contact information for the neighbors to call or send written questions, comments, or concerns within 21 calendar days. If these written comments can be addressed to the neighbor's satisfaction, no further action is necessary. The FPO shall respond to these written comments in writing within 21 days.
- C.** If the FPO's written responses to the written concerns received after the public notice are not satisfactory, a public meeting can be scheduled if requested by a neighborhood association within 1,000 feet of the subject site. The request must be made within 45 calendar days of the date of the last FPO written response to comments. A Good Neighbor Agreement (GNA) may be proposed by Portland Parks and Recreation, the school district, both organizations jointly, or other appropriate FPO if there are remaining concerns after the public meeting. Neighborhood associations within 1,000 feet of the subject site may also request a GNA, in writing, within 10 calendar days of the date of the public meeting. 20.08.010 Permits Required for Park Uses.

It is unlawful for any person to conduct or participate in any activity in a Park, for which a permit is required, unless the Parks Reservation Center has issued a permit for the activity. A permit is required for any activity in a Park under any one or more of the following circumstances:

- A. The activity is intended to involve, is reasonably likely to involve, or actually involves, as participants and/or spectators, at any one time, 150 or more persons;
- B. The activity includes the placement of any temporary or permanent structure, including but not limited to any table, bench, stage, fence, tent or other facility in a Park. No permit is required under this Subsection for the placement of any temporary facility in an area of a Park which the Director has designated for such use without a permit;
- C. The activity requires, or is reasonably likely to require, City services additional to those already provided to the public as a matter of course in the Park, including but not limited to: increased police or fire protection; the turning on or off of water; provision of utilities, such as gas, electricity or sewer; placing, removing, opening or closing bollards, gates or fences; or the special preparation of fields or other facilities;

TITLE 20
PARKS & RECREATION

- D.** The person or persons engaged in the activity seek to exclude, or to have the right to exclude, any member of the public from the activity or from any Park or from any area of any Park;
- E.** The activity is conducted in any building in any Park, except for personal use of public restrooms; or
- F.** The activity includes using the Park or Park area in a manner inconsistent with uses designated by the Director for that Park or Park area, or includes conduct that otherwise is prohibited in a Park, including, but not limited to, conducting business, charging admission or otherwise receiving payment for goods or services related to the activity, or possessing, serving or consuming alcoholic beverages.

20.08.020 Applications; Reservation Center to Promulgate Policies and Procedures.

- A.** Any person desiring a permit under Section 20.08.010 shall apply with the Parks Reservation Center. The Parks Reservation Center, subject to the Director's approval, shall establish written policies and procedures, including but not limited to fees and standard conditions, for applications and for permits. The written policies and procedures shall be available for public inspection. Every application shall state the purpose for which the Park would be used, the date and time of the proposed use, the name of the Park, and the area thereof that would be used, the anticipated number of persons who would be present and such other information relating to the contemplated use as the Parks Reservation Center may require.
- B.** The Parks Reservation Center shall issue the requested permit if a complete application complying with all adopted policies and procedures is filed and all of the following conditions are met:
 - 1.** The proposed activity is consistent with the size of the Park and any specialized purpose for which it is normally used, or for which specialized facilities have been provided;
 - 2.** The proposed activity will not have an unreasonably adverse impact, from noise, litter or traffic, on the Park or on the surrounding neighborhood;
 - 3.** The proposed activity does not pose an unreasonable risk to public health or safety or to the physical integrity of the Park;
 - 4.** The applicant pays all required fees and agrees to comply with all conditions of the permit;

 6. The proposed activity does not conflict with an activity already scheduled for the Park or for which a different permit already has been applied for or issued for the Park;
 7. The applicant, including any person, firm or corporation affiliated with the applicant and with the activity, has not failed to comply with conditions of any permit previously issued by the Parks Reservation Center.
- C. The Parks Reservation Center may issue a permit for use of a Park during hours when the Park is closed if it approves the application. If the requested use does not meet the criteria of Subsection B of this Section, the Parks Reservation Center may deny the application or may impose restrictions or conditions upon the permit or issue a permit for a different date, time, Park, or Park area so as to meet such criteria. Action by the Parks Reservation Center shall be completed as quickly as reasonably possible, and, at the latest, within seven (7) days after a complete application is filed.
- D. Any person whose application is denied or who is issued a permit other than as applied for or who objects to restrictions or conditions included in the permit may appeal the matter to the Council by filing within five days after denial or inclusion of restrictions a written notice of appeal with the City Auditor. Upon receiving such a notice the City Auditor shall within 14 days schedule the appeal on the Council Calendar for hearing by the Council. At the hearing, the Council may affirm or modify the decision of the Parks Reservation Center, as the Council may deem necessary, to meet the criteria of Subsection B of this Section.
- E. In determining whether the criteria of Subsection B of this Section are met, no consideration shall be given to the content of any constitutionally-protected expression connected with the planned activity. No permit shall be required under this Chapter, nor any condition imposed on any permit, if requiring a permit or imposing the condition would violate rights protected by the Constitution of the United States or by the Constitution of the State of Oregon. No permit shall be required under this Chapter in order for any person to participate in any activity programmed by or sponsored by Portland Parks and Recreation.
- F. If any portion or provision of this Section is held by a court of competent jurisdiction to be invalid, such portion or provision shall, so far as possible, be held severable, and shall not affect the remainder, which shall continue in full force and effect.

20.08.030 Permits to be Exhibited.

Any person claiming to have a permit issued under this Chapter shall produce and exhibit such permit upon the request of any authorized person who may desire to inspect the same.

All permits issued under this Chapter shall be subject to the City ordinances and the rules and regulations of the Parks. The persons to whom such permits are issued shall be bound by said rules, regulations, and ordinances as fully as though the same were inserted in such permits. Any person or persons to whom such permits shall be issued shall be liable for any loss, damage, or injury sustained by any person whatever by reason of the negligence of the person or persons to whom such permit shall be issued, as well as for any breach of such rules, regulations, and ordinances, to the person or persons so suffering damages or injury, and shall indemnify, defend and hold harmless the City and its officers, employees and agents from any and all claims, demands, actions and suits (including all attorney fees and costs, through trial and on appeal) arising from the permittee's use of the Park under the permit.

20.08.050 Permits Non-Transferrable.

Any permit issued under this Title shall be personal to the permittee, and shall be void if transferred or assigned in any manner, except with the written consent of the Director or the Parks Reservation Center.

20.08.060 Prohibited Conduct at Permitted Events.

(Replaced by Ordinance No. 179337, effective June 15, 2005.) In addition to any other applicable provision of law, it is unlawful for any person to engage in any of the following conduct at any event for which a permit has been issued in any Park:

- A. Any conduct that substantially prevents any other person from viewing, hearing or meaningfully participating in the event.

- C. Using any facility, structure, fixture, improvement or other thing within the area covered by the permit in a manner contrary to or inconsistent with its intended, designated or safe use. This Subsection does not apply to any person engaged in any constitutionally protected expression, unless, and then only to the extent that, in connection with the expression, the person engages in conduct that amounts to misuses of things as proscribed by this Subsection.

For purposes of this Subsection, "personal belongings" includes backpacks, duffel bags, sleeping bags, purses, coolers, bulky apparel items and other personal items large enough to conceal or contain prohibited items.
- H.** Bringing into or possessing within the area covered by the permit any prohibited item. For purposes of this Section, "prohibited item" includes any fireworks, laser light, laser pointer, animals of any kind (except for service animals while performing their qualifying services), sound producing or reproducing or audio or video recording equipment (except as authorized by the permittee), glass bottles or containers, alcoholic beverages (except as provided by the permittee in accordance with the permit), furniture or fixtures (except as authorized by the permittee), any thing specifically designed for and presently capable of causing, or carried with the intent to threaten or cause, bodily harm to another (except for concealed handguns lawfully carried by persons in accordance with valid concealed handgun permits), and any item whose possession violates any other applicable provision of law.
- I.** Entry into or remaining in any area covered by any permit for any event that is not open to the public without the consent of the permittee, or entry into or remaining in any area covered by any permit for any event that is open to the public only upon the payment of an entry fee or charge, without first paying the applicable entry fee or charge.

The prohibitions contained in this Section do not apply to conduct by any Park Officer in the performance of duty, or by any person authorized to engage in that conduct in connection with the event in accordance with the permit.

This section shall not apply if the sole basis of the conviction was the lack of consent due solely to the victim's lack of capacity to consent by reason of being less than a specified age, if the victim was not more than three years younger than the person at the time of the offense.
- E.** No person, other than a Park Officer on lawful business, shall enter or remain in or on any Park or Park facility for which an admission or use fee is required, without having paid that admission or use fee.

For purposes of this Subsection, “graffiti instrument” means any can of paint or other marking substance under pressure, which can be used to spray surfaces with the paint or other marking substance, or any ink, chalk, dye or other instrument or article adapted or designed for spraying or marking surfaces.

Nothing in this Section shall be construed to authorize the exclusion of any person lawfully exercising free speech rights or other rights protected by the state or federal constitutions. However, a person engaged in such protected activity who commits acts that are not protected, but that violate applicable provisions of law, shall be subject to exclusion as provided by this Section.
- B.** For purposes of this Section, "applicable provision of law" includes any applicable provision of this Code, of any City ordinance, or of any rule or regulation promulgated by the Commissioner or the Council under this Title, any applicable criminal or traffic law of the State of Oregon, any law regarding

controlled substances or alcoholic beverages, any applicable County ordinance or regulation, and any ordinance or regulation adopted by the Tri-County Metropolitan Transportation District of Oregon (Tri-Met) governing any Tri-Met facility in that Park. For purposes of this Section, "applicable" means relating to the person's conduct in the Park.

- C.** An exclusion issued under the provisions of this Section shall be for thirty (30) days. If the person to be excluded has been excluded from any Park at any time within two years before the date of the present exclusion, the exclusion shall be for ninety (90) days. If the person to be excluded has been excluded from one or more Parks on two or more occasions within two years before the date of the present exclusion, the exclusion shall be for 180 days.
- D.** Before issuing an exclusion under this Section, a Park Officer shall first give the person a warning and a reasonable opportunity to desist from the violation. An exclusion shall not be issued if the person promptly complies with the direction and desists from the violation. Notwithstanding the provisions of this Subsection, no warning shall be required if the person is to be excluded for engaging in conduct that:

 - 1.** Is classified as a felony or as a misdemeanor under the following Chapters of the Oregon Revised Statutes, or is an attempt, solicitation or conspiracy to commit any such felony or misdemeanor defined in ORS:

 - a. Section 14A.40.030 - Indecent Exposure;
 - b. Section 14A.40.040 - Loitering to Solicit Prostitution;

 5. Is conduct for which the person previously has been warned or excluded for committing in any Park.
- E.** Written notice shall be given to any person excluded from any Park under this Section. The notice shall specify the date, length and place of the exclusion, shall identify the provision of law the person has violated and shall contain a brief description of the offending conduct. The notice shall inform the excluded person of the right to appeal, including the time limit and the place of delivering the appeal. It shall be signed by the issuing party. Warnings of consequences for failure to comply shall be prominently displayed on the notice.
- F.** A person receiving such notice of exclusion may appeal to the Code Hearings Officer in accordance with the provisions of Title 22 of this Code. The Code

TITLE 20
PARKS & RECREATION

Hearings Officer shall uphold the exclusion if, upon the Code Hearings Officer's de novo review, the preponderance of evidence admissible under the provisions of Title 22 of this Code convinces the Code Hearings Officer that, more likely than not, the person in fact committed the violation, and if the exclusion is otherwise in accordance with law.

- G.** At any time within the period of exclusion, a person receiving such notice of exclusion may apply in writing to the Commissioner for a waiver of some or all of the effects of the exclusion for good reason. If the Commissioner grants a waiver under this Subsection, the Commissioner shall promptly notify the Portland Police Bureau's Records Division and the Parks Director of such action. In exercising discretion under this Subsection, the Commissioner shall consider the seriousness of the violation for which the person has been excluded, the particular need of the person to be in the Park during some or all of the period of exclusion, such as for work or to attend or participate in a particular event (without regard to the content of any speech associated with that event), and any other criterion the Commissioner determines to be relevant to the determination of whether or not to grant a waiver. Notwithstanding the granting of a waiver under this Subsection, the exclusion will be included for purposes of calculating the appropriate length of exclusions under 20.12.265 C. The decision of the Commissioner to grant or deny, in whole or in part, a waiver under this Subsection is committed to the sole discretion of the Commissioner, and is not subject to appeal or review.
- H.** If an appeal of the exclusion is timely filed under Section 20.12.265 F., the effectiveness of the exclusion shall be stayed, pending the outcome of the appeal. If the exclusion is affirmed, the remaining period of exclusion shall be effective immediately upon the issuance of the Hearings Officer's decision, unless the Hearings Officer specifies a later effective date.
- I.** If a person is issued a subsequent exclusion while a previous exclusion is stayed pending appeal (or pending judicial review, should a court stay the exclusion), the stayed exclusion shall be counted in determining the appropriate length of the subsequent exclusion under 20.12.265 C. If the predicate exclusion is set aside, the term of the subsequent exclusion shall be reduced, as if the predicate exclusion had not been issued. If multiple exclusions issued to a single person for a single Park are simultaneously stayed pending appeal, the effective periods of those which are affirmed shall run consecutively.
- J.** No person shall enter or remain in any park at any time during which there is in effect a notice of exclusion issued under this Section excluding that person from that park.

20.42.010 Purpose.

The purpose of this is to regulate the cutting of trees in order to help preserve the wooded character of the City of Portland and protect the urban forest. It is not the intent of this Chapter to regulate the cutting of trees on any single-family lot, which cannot further be divided, upon which a single-family residence already exists. Further, it is not the intent of this Chapter to require a permit for tree cutting in situations where the same activity is already regulated and reviewed by other provisions of the City Code.

20.42.020 Definitions.

- A. **“Cutting”** means felling or removal of a tree, or any procedure in which the natural result will lead to the death or substantial destruction of a tree. Such acts include but are not limited to the severe cutting back of limbs to stubs larger than three inches in diameter; and damage inflicted upon the root system of the tree. “Cutting” does not include normal pruning within the bounds of accepted arboricultural practices.

TITLE 20
PARKS & RECREATION

- B.** “**DBH**” means diameter-at-breast-height, a tree trunk diameter measured in inches 4.5 feet above the ground.
- C.** “**Development**” means all site improvements, including buildings, structures, parking and loading areas, landscaping, paved or graveled areas, and areas devoted to exterior display, storage, or activities.
- D.** “**Land Use Review**” means an approval procedure for a specific use or development required under Title 33 or 34.
- E.** “**Person**” means any individual or legal entity.
- F.** “**Regulated property**” means all property where tree cutting is not otherwise regulated under Title 33 or 34, where trees have not be considered through a previous land use review, and which:
 - 1. Does not have a single-family dwelling on it; or
 - 2. Can be further subdivided pursuant to the Portland Zoning or Land Division Codes, whether there is a structure on the property or the property is vacant; or
 - 3. Is not located in a single-family residential zone pursuant to City of Portland Zoning Maps; or
 - 4. Is not solely used as a single-family residence.
- G.** “**Tree**” means any woody plant having at least a 12” DBH or any tree planted as a mitigation requirement of PCC 20.42.100. “Tree” does not include any plant on the Nuisance Plant List or the Prohibited Plant List of the Portland Plant List adopted by Ordinance 164838 and amended by Ordinance 166572 and 168154.
- H.** “**Urban Forester**” means the Urban Forestry Manager or the Manager’s designee.
- I.** “**Unregulated property**” means a lot or parcel which:
 - 1. Is located in a residential zone pursuant to the City of Portland Zoning Maps;
 - 2. Is occupied by a single-family dwelling;
 - 3. Is solely used as a single-family residence; and

4. Cannot be further subdivided or partitioned pursuant to the Portland Zoning or Land Division Codes.

20.42.030 Applicability.

- A. These regulations are not land use regulations and are being adopted under the City's police power to regulate to protect the public health, safety and welfare.
- B. The requirements of this Chapter do not apply to tree cutting which is reviewed pursuant to any other provision of City Code with the exception of Chapter 24.70, Clearing, Grading, and Erosion Control, particularly PCC 24.70.020. On parcels subject to PCC 24.70.020, a permit is required under both that Section and under this Chapter.
- C. The requirements of this Chapter do not apply to tree cutting on any parcel for which a building or development permit has been approved through land use review.

20.42.040 Tree Cutting Without Permits Prohibited.

- A. No person shall cut a tree on regulated property without first obtaining a tree cutting permit from the City pursuant to this Chapter.
- B. No person shall cut a tree on unregulated property without a permit if a permit is required by PCC 20.42.050.
- C. In any action under this Chapter or to enforce the provisions of this Chapter, the property owner has the burden to prove that the criteria for granting a permit are satisfied or that cutting is allowed without a permit.

20.42.050 Tree Cutting on Unregulated Property.

- A. Trees may be cut on unregulated property without a permit except where the tree proposed to be cut:
 1. Has been expressly protected through an applicable land use regulation or required to be preserved as a condition of approval; or
 2. Is located within a parcel that has received a Historic Landmark Designation pursuant to PCC Chapter 33.845; or
 3. Has been designated a Heritage Tree under the provisions of Section 20.40.150 of this Code.

TITLE 20
PARKS & RECREATION

- B.** If a permit is required under Subsection A. of this Section, a person must seek such a permit through the process for reviewing or modifying land use regulations or approvals, Historic Landmark Designations or Heritage Tree designations, as applicable, and not through this Chapter.

20.42.060 Application for Permits.

An application for a tree cutting permit shall be made upon forms prescribed by the City. The application shall contain:

- A.** A statement of the reason for cutting or removal;
- B.** The number, size and species of the trees to be cut;
- C.** The street address and legal description of the property upon which the trees to be cut are located;
- D.** The time and method of cutting or removal;
- E.** If mitigation is required pursuant to PCC 20.42.090 information concerning the proposed planting of new trees to replace the trees to be cut;
- F.** Any other information reasonably required by the City;
- G.** The applicant's name, address and phone number;
- H.** The property owner's name, address and phone number, if different from the applicant's.

20.42.070 Fees.

The application shall be accompanied by a filing fee in the amount of \$35.00.

20.42.080 Review of Applications.

- A.** The Urban Forester shall review applications for conformance to the provisions of this chapter and either accept as complete and in conformance, return for revisions, or deny the application.
- B.** If the application is accepted as being complete and in conformance, the Urban Forester shall not issue the permit until notice has been posted according to Section 20.42.110 of this Code and all appeals have been settled in favor of the applicant.

- C.** The issuance of the Tree Cutting Permit shall constitute conformance to the provisions of these regulations and approval for the tree removal.
- D.** Notwithstanding subsection A of this Section, if the tree proposed to be cut has been required to be preserved or protected as a condition of approval of a land use action pursuant to the City of Portland Zoning Code, the tree cutting application shall be processed as an amendment to that land use action and shall be reviewed and approved by the body responsible for reviewing such land use actions.

20.42.090 Criteria for Issuance of Permits.

The tree to be removed must meet one of the following criteria in order for a tree cutting application to be approved:

- A.** Dead, Dying and Dangerous Trees: A tree cutting permit shall be issued if the Urban Forester determines that a tree is dead, dying or dangerous, except as provided by subsection 2 of this section.
 - 1.** For the purposes of this section:
 - a.** “Dead” means the tree is lifeless.
 - b.** “Dying” means the tree is in an advanced state of decline because it is diseased, infested by insects or rotting and cannot be saved by reasonable treatment or pruning, or must be removed to prevent spread of the infestation or disease to other trees.
 - c.** “Dangerous” means the condition or location of the tree presents a clear public safety hazard or a foreseeable danger of property damage to an existing structure and such hazard or danger cannot reasonably be alleviated by treatment or pruning.
 - 2.** The Urban Forester may require the retention of dead or dying trees located in wetlands, natural areas, stream corridors, parks or open space areas, in order to provide for wildlife habitat and natural processes, unless the tree presents a potential hazard to persons or property.
- B.** Trees that are not dead, dying or dangerous: A tree cutting permit shall be issued for a tree that is not dead, dying or dangerous if the Urban Forester determines that the following criteria are met:
 - 1.** Removal of the tree will not have a significant negative impact on the following:

TITLE 20

PARKS & RECREATION

- a.** erosion, soil stability, soil structure, flow of surface waters, water quality, health of adjacent trees and understory plants, or existing windbreaks; and
 - b.** the character, aesthetics, property values or property uses of the neighborhood.
- 2.** The city shall require an adequate mitigation plan be submitted according to the requirements of Section 20.42.100 as a condition of approval for the permit, including requiring the submission of a drainage plan if appropriate This mitigation plan may be considered when determining the impacts in Subsection B.1. of this Section.
- 3.** Forest Health Reasons: A tree cutting permit shall be issued for a tree that is not dead, dying or dangerous if the Urban Forester determines that the removal of select trees from a forested plot will promote the health of the overall forested plot and meets the requirements of PCC 20.42.090 B.1. Mitigation is not required for any tree permitted to be cut under this subsection.
- 4.** Emergency Permits:
 - a.** The Urban Forester shall issue an emergency tree cutting permit without formal application or payment of a fee if the condition of a tree presents an immediate danger of collapse and if such potential collapse represents a clear and present hazard to persons or property. For purposes of this subsection, “immediate danger of collapse” means that the tree will topple or otherwise fail and cause damage before a tree cutting permit could be obtained through the non-emergency process. “Immediate danger of collapse” does not include hazardous conditions that can be alleviated by pruning or treatment.
 - b.** If an emergency situation arises at a time when the Urban Forester is unavailable, and a significant likelihood exists that the tree will topple or otherwise fail before such officials become available, the tree owner may proceed with removal of the tree to the extent necessary to avoid the immediate hazard. Within seven days after such removal, the tree owner shall apply for a retroactive emergency tree cutting permit. If the evidence and information presented by the tree owner does not justify the emergency tree cutting standards set forth in PCC 20.42.090 B. the application shall be denied and the tree owner shall be subject to the penalties and to the mitigation requirements of this Chapter.

- c.** In the event that the City Engineer or the Urban Forester determines that an emergency exists and that the safety of the traveling public or the integrity of a public street and associated improvements may be at imminent risk from any tree on private property, the City Engineer and the Urban Forester may order or effect the removal of the tree without a permit. An emergency for the purpose of this Subsection is an unplanned or non-routine event which, by its nature, requires prompt or immediate action to reduce the risk of injury to persons using public streets, damage to public transportation facilities or loss or use of public transportation facilities. The decision that an emergency exists is not reviewable.

20.42.100 Mitigation Requirement.

- A.** Mitigation is required as a condition of a permit issued under PCC Subsection 20.42.090 B., or if a tree is cut in violation of this Chapter. The mitigation plan shall be submitted at the time of application and shall provide for the following:

 - 1.** Tree replacement shall be determined according to the DBH of the tree to be removed. The total DBH of the replanted trees shall equal the DBH of the tree to be removed. The DBH of the replacement trees must be the largest reasonable available by local nurseries.
 - 2.** The location of the replacement trees shall meet one or more of the following at the discretion of the Urban Forester:

 - a.** In the public right-of-way adjoining the property where the tree to be removed is located, in accordance with PCC 20.40.070. The Urban Forester shall consult with the City Engineer to avoid conflict with current and future utilities.
 - b.** On the property where the tree to be removed is located. Site characteristics shall be taken into consideration.
 - c.** If no suitable place exists on the property where the tree to be removed is located or in the adjoining right-of-way, the applicant may plant trees on another property in the neighborhood with the permission of the property owner.
 - d.** If no suitable place exists on the property where the tree to be removed is located, the applicant may, in lieu of planting, pay a mitigation fee into the City's tree fund in accordance with fees set by the Urban Forester.

TITLE 20
PARKS & RECREATION

- B.** When the Urban Forester determines that the above mitigation requirements create an unreasonable burden to a property owner, the Urban Forester may adjust the mitigation requirements. Mitigation shall not be reduced if it is determined that an intentional violation exists.
- C.** If any replacement tree dies within three years of the planting, the property owner shall replace the tree. No replacement tree shall be cut without a permit under this Chapter.
- D.** Any person who fails to enter into a mitigation plan as required by this subsection or who fails to comply with any condition of that agreement, or with any condition of any permit issued under PCC 20.42.090 B., shall be subject to the penalties provided for violation of the Chapter.

20.42.110 Notice of Tree Cutting Permit.

- A.** An applicant for a tree cutting permit shall post notice on the property in a location clearly visible from the street nearest the tree. The notice shall state that a tree cutting permit is pending for trees on the property marked by a yellow plastic tagging tape, shall include the date of posting, and shall state that the tree cutting permits can be appealed within 14 days of the date of posting by filing a written notice of intent to appeal with the Urban Forester. The applicant shall mark each tree proposed to be cut by tying or attaching yellow plastic tagging tape around the trunk of the tree at 4.5 feet above ground level. The applicant shall file an affidavit of posting and marking once the property has been posted and the trees have been marked pursuant to this section. The tree cutting permit shall not be issued for fourteen days from the date of filing of the affidavit of marking to allow for appeal. The applicant shall maintain the posting and marking for the full fourteen days.
- B.** The Urban Forester will send a copy of the affidavit of posting and marking to the office of the affected Neighborhood Coalition.

20.42.120 Appeal.

- A.** Any person may appeal a decision to approve a tree cutting permit by filing a written notice of intent to appeal, along with the applicable appeal fee established by the City Council, within fourteen days of the filing of the affidavit of posting pursuant to PCC 20.42.070. Failure to file within the fourteen-day appeal period shall preclude appeal. If no appeal of a decision to approve a tree cutting permit is filed within the fourteen-day appeal period, the decision is final and the applicant may cut trees in accordance with the approval, subject to any conditions thereof.

- B.** An applicant for a tree cutting permit may appeal denial of the permit by filing a written notice of intent to appeal, along with a filing fee in the amount of \$100.00, within fourteen days of the date of denial.
- C.** The appeal shall be heard by the Urban Forestry Commission (UFC), who shall hold a public hearing on the appeal. The City shall send written notice of the hearing to the applicant, the appellant if different from the applicant, and to the recognized Neighborhood Coalition for the area in which the subject property is located, at least ten days in advance of the hearing. Appeal hearings may be scheduled as part of the UFC's regular meeting agenda, or at any special meeting called by the UFC for that purpose. Appeals may be heard either by the full Commission or by a subcommittee delegated by the full Commission. Appeals shall be heard not later than the first regular monthly meeting of the UFC after the expiration of the ten days required for notice to the Neighborhood Coalition, and in no event later than sixty days after the filing of the notice of intent to appeal, except that the applicant may request a hearing at a later time.

20.42.130 Evidence of Violation.

- A.** If a tree is removed without a tree cutting permit, a violation shall be determined by measuring the stump. A stump that is 38" or more in circumference shall be considered prima facie evidence of a violation of this chapter.
- B.** Removal of the stump of a tree cut without a tree cutting permit prior to the determination provided in subsection A of this section is a violation of this chapter.
- C.** Proof of violation of this chapter shall be deemed prima facie evidence that such violation is that of the owner of the property upon which the violation was committed. Prosecution of or failure to prosecute the owner shall not be deemed to relieve any other responsible person.
- D.** As soon as a violation is determined, the Urban Forester shall notify the property owner in writing regarding the mitigation requirements of Section 20.42.100 of this code. Within thirty (30) days of the date of mailing of this notice, the property owner shall submit a tree cutting application in accordance with Section 20.42.060 and enter into a mitigation plan approved by the Urban Forester. The application fee will be \$70.00.

20.42.140 Criminal Penalties.

Any person violating any provision of this Chapter shall, upon conviction, be fined a sum not exceeding \$1,000.00 or shall be imprisoned for a term not exceeding 6 months, or shall be punished by both such fine and imprisonment.

TITLE 20

PARKS & RECREATION

Any person who cuts any tree in violation of this chapter, or who breaches any condition of a permit granted under this chapter, or who violates any other provision of this chapter shall be subject to a civil penalty of \$1,000 for any such violation. The unlawful cutting of each individual tree shall be a separate violation hereunder. Failure to comply with a condition of approval or of a mitigation plan shall be a separate violation each day the failure to comply continues.

20.42.160 Nuisances.

Cutting a tree in violation of this chapter is hereby declared to be a public nuisance, and may be abated by appropriate proceedings.

20.42.170 Institution of Legal Proceedings.

Upon request of the Urban Forester, or direction from Council, the City Attorney, acting in the name of the City, may institute and maintain an action in any court of competent jurisdiction to compel compliance with or to restrain by injunction the violation of any provision of this Chapter.

20.42.180 Remedies Cumulative.

The rights, remedies and penalties provided in this chapter are cumulative, are not mutually exclusive, and are in addition to any other rights, remedies and penalties available to the City under any other provision of law.

20.42.190 Severability.

If any provision of this Chapter, or its application to any person or circumstance, is held to be invalid, the remainder of this Chapter, or the application of the provision to other persons or circumstances, shall not be affected.
