PUBLIC INVOLVEMENT

8) Was public involvement included in the development of this Council item (e.g. ordinance, resolution, or report)? Please check the appropriate box below:

- YES:** Please proceed to Question #9.
 NO: Please, explain why below; and proceed to Question #10.

Direct public involvement in the development of this report to Council would not be appropriate. The publicly-elected City Auditor is required by City Charter (Section 2-505, a) to conduct financial and performance audits of City government in accordance with generally accepted governmental auditing standards, and to appoint, coordinate and monitor the annual audit of the City's financial statements by an independent licensed public accountant.

The contracted audit now being reported is required by Oregon Law in addition to City Charter. The outcome of the financial audit now being reported to City Council, and the details to be Communicated to Those Charged with Governance are dictated by generally accepted governmental auditing standards, and especially by Statement on Auditing Standard (SAS) No. 114.

Although widespread, direct public involvement was not included, the selection of the contracted financial auditor Moss Adams, LLP did follow the process outlined under Portland City Code Chapter 5.68. This is a competitive bidding process that promotes accountability and competition among all segments of the citizens of Portland. The RFP was advertized in the DJC and the Oregonian for three consecutive days during February 2007, and in the minority publications: The Skanner, the Portland Observer, and El Hispanic News for one weekly publication during the same period.

In addition, as required by the City's procurement process, the selection committee which recommended the award of this contract to Moss Adams, LLP included a member of the public.

9) If "YES," please answer the following questions:

- a) What impacts are anticipated in the community from this proposed Council item?**
- b) Which community and business groups, under-represented groups, organizations, external government entities, and other interested parties were involved in this effort, and when and how were they involved?**
- c) How did public involvement shape the outcome of this Council item?**
- d) Who designed and implemented the public involvement related to this Council item?**

e) Primary contact for more information on this public involvement process (name, title, phone, email):

10) Is any future public involvement anticipated or necessary for this Council item? Please describe why or why not.

This report to City Council represents public involvement in the form of public information at a public meeting. Additional public information has been provided by the publication of the audited CAFRs of the City of Portland and PDC, the Single Audit, and the audited financial statements of the Fire & Police Disability & Retirement Funds on their respective websites. The audited financial statements of the Hydroelectric Power Fund for the year ending August 31, 2011 will be posted on the Portland Water Bureau's website soon.
