Subject: City Council Item No 787: Captioning

Dear Commissioner Fritz;

Yes, please do vote to make city-produced video accessible to those of us who are hearing impaired. I understand that Council Item 787 will at least explore the costs and methods of captioning all Council meetings, as well as Portland Development Commission meetings and others. As you know, from having visited a meeting of the Portland chapter of Hearing Loss Association of America, video and meeting captioning is vital for hearing-impaired persons -- and that it is easily done by a professional transcriber. Please do help us to participate in city affairs.

Thank you for your consideration,

Jocelyn Cox
