Commissioners,

The Oregonian ran an article about the timeline for the West Hayden Island project yesterday: http://www.oregonlive.com/portland/index.ssf/2012/11/running_out_of_time_and_facing.html. It mentions a December 4 PSC meeting, but at this point we have not scheduled any additional meetings. It is my intention for us to make a decision about next steps in the WHI process after the conclusion of public testimony and closing of the hearing.

If you have questions, feel free to me a call.

Have a great Holiday!

Thanks,
Andre'
