PUBLIC INVOLVEMENT

8) Was public involvement included in the development of this Council item (e.g. ordinance, resolution, or report)? Please check the appropriate box below:

- YES: Please proceed to Question #9.  
 NO: Please, explain why below; and proceed to Question #10.

9) If "YES," please answer the following questions:

a) What impacts are anticipated in the community from this proposed Council item?

None. This item pertains to a negotiated settlement agreement between the City and one property owner.

b) Which community and business groups, under-represented groups, organizations, external government entities, and other interested parties were involved in this effort, and when and how were they involved?

Washington County staff and residents in the vicinity of the future pump station site have participated in the effort to identify neighbors who have particular sensitivities to construction and to determine feasible measures for reducing construction impacts.

c) How did public involvement shape the outcome of this Council item?

The public's involvement in the SW 86<sup>th</sup> Avenue Pump Station and Appurtenances project has helped the City evaluate the potential impacts of the construction on the neighborhood.

d) Who designed and implemented the public involvement related to this Council item?

City of Portland Environmental Services: Stephen Sykes, Senior Community Outreach and Information Representative; Megan Callahan, Public Affairs Manager; Debbie Caselton, Community Outreach and Information Representative; and Kristen Kibler, Jeanne Lawson Associates (JLA).

e) Primary contact for more information on this public involvement process (name, title, phone, email):

Debbie Caselton, Community Outreach and Information Representative, 503-823-2831,  
 Debbie.Caselton@portlandoregon.gov

10) Is any future public involvement anticipated or necessary for this Council item? Please describe why or why not.

Yes. This item will enable the property owner to retrofit his home to help with particular sensitivities to the potential construction impacts, so no further public involvement will be necessary as to that property owner in relation to the particular sensitivities. Other public involvement and outreach will be made on a regular basis in order to communicate the status of construction, etc.
