## Sewer Service Line Work Order

W/O#	349339	Activity	R/RLAT - 15966020 R/R LATERALS
Problem	SD	Priority	B4 - HAZARD NO SSO 1 MONTH OR LESS
Source	BES	Maint Type	PM
Project	-	Group Project	None
Service Line ID	AMA741		
Address	4528 SE WOODSTOCK BLVD +		
Qualifier			
Main Connect	Unknown		
UP MH Type		DWN MH Type	
Area	INSLEY	Date Installed	
Lateral Type	-	Surface	-
Pipe Diameter	0 inches	Pipe Type	
Pipe Length	500	Ownership	
Cleanout Loc		Tap Loc	0 feet from unknown node
Tap Address			
Initiated Date	9/26/2013	Scheduled	10/26/13
Initiated By	HRR	Assigned To	

Safety Message: No known safety information

### Asset Comments: 4526-4528

W/O Comments: repair lateral from main to new pipe approximately 2 feet away to replace poor job done by plumber (note: city chose, hired, and paid for this plumber--so it is city responsibility); main is just behind the curb in this location after curb bumpout constructed by city for a bus stop located about 71 feet from the upstream manhole ACN496 (look for newly replaced sidewalk panel--should be under that) and 11 feet deep--*next to TriMet bus stop*

Tasks: No related tasks.

THIS NEEDS  
TO BE DONE  
VERY SOON.
