

Dear Board members

A major component to the livability of NW Portland is the limitation of the building heights. Many European cities (e.g. Paris) have this same "feel" for the same reason. In the 10 years that I have been in the Pearl, the height restrictions have been gradually shoved to the side, with the consequence that we are going to lose the wonderful "neighborhood-ness" that makes NW Portland so attractive (to homeowners, renters, and, yes, developers.)

I ask you please; re-instate and enforce the building height limitations that were in effect 10 years ago in NW Portland.

Thank you
