

Please keep zoning that will allow the neighborhood of Eastmoreland as it is. Already, developers have found loopholes that allow them to split lots which detract from the desirability of living here. And it is important to save the 100 year-old trees, and our citizens realize that so at their own expense, they are battling Dutch Elm Disease and maintaining the trees.

Save with zoning this jewel for Portland - let's keep it weird, by all means, but let's keep it beautiful, too.
