Re: Request PSC Hearing Extension

The Bridlemile Neighborhood Association is requesting an extension to the PSC hearings. This was voted on by BNA unamously to support the Multnomah NA and SWNI, and SWNI land use committee decision to request extension of PSC Hearings. We request that the Bureau of Planning and Sustainability provide the details for the new mixed-use zoning designations and the new campus institutional zoning and that Planning and Sustainability Commission. We request that the Comprehensive Plan or that the record of the hearings left open for at least 90 days following the release of the provisions of these definitions to give the Neighborhood a chance to understand the impact of the definitions and time to respond.

This process of these changes need to be defined to determine the impact on the neighborhood. This needs to be done before the PSC ends its hearing on the Comprehensive Plan with ample time for the citizens and neighborhood to understand the changes and respond.

Thank you,

Bridlemile Neighborhood Association
