

Price Agreement for Urgent Rehabilitation of Sanitary & Storm Sewers (*PAURSS*)

October 2014

Purpose

- Develop a tool that shortens the time it currently takes for a project to move Project Identification to issuance of Notice to Proceed (NTP).
- Reduce BES Administration of getting each Project from Design to Construction.
- BES plans to complete up to \$3,000,000 of system rehabilitation work each year with this contract.

Unique Contract Provisions

- Undefined scopes of work @ time of Contract Award
- Services/work performed within fixed periods & at fixed unit prices
- Workforce & Training/Hiring Program Goals apply at the time a Work Order is issued

M/W/ESB

- GFE - Completed at Work Order
- Citys' Aspirational Goal of 35% is in place
- J.W. Fowler has history of exceeding M/W/ESB Goals
