

Petition to change zoning of "Green Thumb" (6801 SE 60th Ave.) from High-Density Residential (R2a) to Open Space

As a 12.8 acre site that provides year-round opportunities for urban agriculture and education to hundreds of school-aged children, neighborhood residents, university students, and others from around the city each year, we, the undersigned, support the Brentwood-Darlington Neighborhood Association (BDNA) in strongly urging the Planning and Sustainability Commission to change the zoning of "Green Thumb" from R2a to Open Space in order to best reflect the past and current uses of the site, and to preserve this valued community asset from undesirable future development.
