Legal Testimony We don't want taller buildings

We live north of Sandy Blvd - about
2 blocks on Mistaria. We have unanimous
support from neighbors on Mistaria and
on 51st Ave between Mistaria and Sandy
to limit building heights to 45' and preferably
to 38' if a concept zone is implemented. We
have a property owner who owns the Rose
City Food Court who has repeatedly broke City
law and lied about his intentions in development
of his property. He is uncooperative and not
wanted as a neighbor. Please mandating and
reduce building heights
on Sandy Blvd between
NE 47th and NE 57th
