7. BACKGROUND ANALYSIS

The Noise Review Board is comprised of five members including: three citizen at large positions, a representative from the construction industry, and a professional in the field of acoustics. Appointments to the volunteer Noise Review Board are made for a three-year period.

The Board is charged with making decisions on Noise Variances for projects that range from nighttime construction projects to large outdoor concerts. The Board also works to develop long term objectives for achieving reduction of sound levels in the community.

Kerrie Standlee is an experienced Acoustical Engineer and a former Noise Review Board member. He will be fulfilling the need for a professional in the area of acoustics, which is vitally important as we move forward with looking at noise impacts related to pile driving and possible changes to our Noise Code, Title 18.

Melissa Stewart has been a longtime citizen activist with strong ties to the community. She has been an effective advocate for neighborhood concerns, and brings a voice of those who work to keep historic neighborhoods from losing their identity due to development.

8. **FINANCIAL IMPACT**

There is no foreseeable financial impact in passing this appointment and reappointment.

9. **RECOMMENDATION/ACTION REQUESTED**

We recommend passage of this appointment and reappointment to ensure all Noise Review Board positions are filled in order to make decisions that impact Portland's livability.
