

Jacoby

Hi my name is Jacoby Zamora. I'm a student at Harrison Park. I want to make a difference in my community.

I'm here to talk about water in schools. Water can keep me healthy and hydrated. Water also keeps me awake and focused.

But here's the down fall: Some water can be contaminated or some pipes can get rusty and you can get sick. Personally I don't drink school water because the water is yellow but when I do I'm disgusted from the rust taste our water isn't filtered in most of the school.

Part of the problem is some schools don't have enough money to change the plumbing and if you don't change your plumbing every twenty to fifty years depending on what material pipes you have they can burst or rust and even pulverize. Our school has galvanized iron which is one of the worst types of plumbing. Also our school is sixty five years old and has never had it's plumbing changed. As you already know that if you don't change your plumbing every twenty to fifty years there is a very big chance that our pipes could be corroded or rusted or even pulverized. This is why I 'm looking for funding so we can get new plumbing in our school.

Thank you for listening to me and having me over.

Moore-Love, Karla

Hi!

For the 3 student speakers, let's plan on:

Jacoby Zamora
Justis Hudson
Jeremy Phan

Looking forward to it!

Thanks!

Tim

GETTING TO EQUITY? Looking for newcomer community partners? [Click here](#)

Salaam Karla. Thank you for your persistence, and for your patience with me. I am now done moving into City Hall, so am bound to get better at these protocol matters.

So, let's review:

What we know (please feel free to fix):

1. On March 11, 9am
2. We have 15 minutes – that can be used for 6 slots for total of 15 minutes.

I will intro Tim and his students (90 seconds); Janis will talk about PBoT resources (90 secs); Tim will intro his project (90 secs); three students will follow with presentations of 3 minutes each. Total: 13 minutes, 30 seconds.

Students will present copies of their publication “Jade Journal” to Mr. Mayor and City Commissioners.

Students will ask to have photos taken of them standing behind Commissioners.

What we still need to know:

1. Names of student presenters, they can use school contact information. A sentence summary of what they'll be presenting in front of City Council. Tim, just be general, this is for purpose of public notification of business before City Council on that morning.

Tim, it's always best to ask students to write out their talk. Three minutes (180 seconds) is 300-350 words. Ask students to focus on talking slowly, everything they say is so-so important. Take your time. It's good civic engagement practice to give your presentation to our Commissioners so we can document your families' strengths and their urgencies. And so that we can follow up.

2. I am working with our Transportation Commissioner and East Police Precinct Commander now, let's talk about our kids following up with them. Hammering nails into place.

3. Janis, you and I need to make request of Karla to be present to City Council

4. Y que mas? (Anything else?)

-Polo

Thank you.

I will have to have the three students names and a topic no later than March 5th.

Polo – if you are taking one of the five spots you will have to send in your own request with your name, address, phone number, date you wish to speak and what it is you will be speaking about.

Regards,

Karla

Hello Tim,

Just checking to see if you are still keeping all five Communication spots on March 11th? All other weeks are taken in March so I will have to start booking people in April.

Thank you,

Karla

Yes, the Mayor will usually allow that. I can read all three names and they can all come up together. They will just be timed individually.

Quick question. Can 2 students go up at the same time? I think they would appreciate that for the extra support and confidence going up to speak.

Thanks!

Tim,

How long were you and Polo planning on speaking? If your remarks will take up at least 3 minutes then I would suggest you both take one of the five spots.

Please let me know by the end of the week if you will be taking all five spots. I will need everyone's names no later than Thursday, March 5th.

Hi Karla,

Happy to get you that information. I know Ronault is planning on speaking first, then me, and then 3 students.

When do you need that information by?

Thanks!

Tim

Hello Tim,

City Code requires all Communication speakers to submit their name, address, phone number, date they wish to speak and what it is they will be speaking about.

I will accept the schools address and phone number but, I will need the 5 students names who will be speaking on March 11th. Each spot is allowed three minutes so if students are sharing a three minute spot I will still have to have the name of those sharing a spot as well.

Regards,

Karla

Hi!

Just wanted to check in and see if there's anything I need to be doing from my end (that being the classroom). I'm going to get the field trip form in

this week to my principal, and the kids couldn't be more excited!

Thanks!

Tim

Thank you Polo.

I'll hold those 5 spots on March 11 for the Harrison Park Students. "Lickety-split" would be fine.

Salaam Karla.

And thank you again for your patience with me this morning.

Our Harrison Park teacher, Tim Schultz has suggested March 11, 2015 as the best date for his student's presentation to City Council. Could you kindly save all five slots for us?

Tim and Janis and I will get the information and content you asked for, to you lickety-split (I've been waiting and waiting for a chance to use that word).

Thank you.

Hi!

Thank you soooo much for understanding and being flexible. March 11th is the best for us, as we will be on Spring break on March 25th.

I am really excited about this and can't wait to figure out more of the details. Please let me know what else I can help with.

Thanks!

Tim
