

Greetings Committee members,

I would like to express my opposition to allowing the Pembina propane export facility in Portland. I am a resident and small business owner in the St. Johns neighborhood which is within the 4 mile danger radius from any accidents at the proposed facility. This facility would have a dramatically negative impact on me and my family.

Please take our community needs under consideration and protect us from this sort of unneeded danger. I do not wish to see my property or my neighborhood harmed when an inevitable accident occurs. There are other ways for Portland to improve economically.

I appreciate your time and attention on this very important topic.

Best,
Michelle Hall

8572 N. Oswego Ave.
Portland, OR 97203
