The Board is charged with making decisions on Noise Variances for projects that range from nighttime construction projects to large outdoor concerts. The Board also works to develop long term objectives for achieving reduction of sound levels in the community.

Julie Greb is an experienced Construction Industry Representative and valued Noise Review Board member. She will be fulfilling the need for a professional in the area of construction, which is vitally important as we move forward with looking at noise impacts related to pile driving and possible changes to our Noise Code, Title 18.
