Purpose of proposed legislation and background information:

The Portland City Council created a Community Involvement Committee (CIC) in July of 2009, to guide the public outreach elements of the Portland Plan. The CIC has continued through the Comprehensive Plan Update, as both the Portland Plan and the Comprehensive Plan Update fall within the purview of the State of Oregon's Department of Land Conservation and Development (DLCD) approved Periodic Review Work Program. The CIC must support the work of the Comprehensive Plan update in order to comply with Portland's Periodic Review Work Plan. Due to extensions in the Comprehensive Plan process, it is necessary to extend the Committee's work beyond the June 2015 to December 2015, when the Comprehensive Update process is anticipated to be concluded.

This legislation relates to the Comprehensive Plan's Goal 9 Citizen Involvement and advances public participation in the Comprehensive Plan process.

Financial and budgetary impacts:

No additional staffing is required. Ongoing staffing of the committee will continue to be provided by a Community Outreach and Information Representative (existing position) in the Bureau of Planning and Sustainability. There are no associated budget impacts and no financial obligations or benefits.

Community impacts and community involvement:

The CIC is specifically charged with guiding public engagement in the Comprehensive Plan update process, and works to make that engagement more diverse and meaningful. There are no known concerns regarding or support for the CIC, and no expected impact on any individual or organization.
