"Where every person matters, and every dollar counts."

Working in partnership with more than 50 agencies each year, the Black United Fund of Oregon is helping to change and save lives. Our support is designed to assist in the long-term development of community based organizations and programs that respond to community needs and build self-sufficiency, not dependency, among residents throughout Oregon and SW Washington. The Black United Fund recognizes the importance of good stewardship for the funds entrusted to us by our donors. 85% of each dollar donated goes directly to the programs of the agencies we support. By investing in the Black United Fund, you are making a difference in the lives of your fellow citizens.
