Contact name: Jeremy Finkle
Contact phone: 3-1017
Presenter name: Jeremy Finkle

Purpose of proposed legislation and background information:

The amendment fixes an error in code where for permit revocation the existing code references 17.44.017, which no longer exists having been replaced in a code update. The correct reference 17.24.016 replaces this incorrect reference.

Financial and budgetary impacts:

N/A

Community impacts and community involvement:

While PBOT undertakes extensive public processes for code updates, this is obviously an error in the drafting of the code. Fixing this clerical error required no involvement and will have no impact.
