RE: NE 7th/NE 9th proposed bikeway

As a cyclist and Irvington resident, I support making NE 7th a bikeway/greenway, but I do share other neighbors' concerns about the strong and obvious likelihood of increased traffic on NE 9th street (and other streets). If the City does make NE 7th a bikeway/greenway, then I would ask that the City construct diverters or implement other car reduction tools on NE 9th.

Thank You,
