HEADQUARTERS
509 RICHARDS STREET
VANCOUVER, B. C.

An open letter
To the Citizens of British Columbia.

British Columbia has been chosen as the pivotal point in the formation of a section of the projected, "SOVIET STATES of NORTH AMERICA".

This avowal at first sight may appear as being somewhat extravagant, and only the early and visible proof of Pacific Coast Communist activity will, in the majority of cases, prove the truth of our contentions.

The Citizens' League of British Columbia is, however, in possession of certain information capably able of providing adequate proof that the projectors of SOVIET COLLECTIVISATION—the correct name for Communism—are utilizing the Canadian centres of Communist activity, and Toronto and Vancouver in particular, to guide and direct the Communistic activities from Mexico to Alaska.

This statement may not be refuted; although, for obvious reasons, it is not practical policy to disclose the secret sources through which such vital information is secured.

The question therefore arises, in so far as true racial citizenship carries with it certain obligations:

"WHAT ARE YOU, PERSONALLY, GOING TO DO ABOUT FULFILLING THE DUTIES IMPOSED VOLUNTARILY UPON YOURSELF BY ACKNOWLEDGEMENT OF YOUR CANADIAN AND BRITISH EMPIRE CITIZENSHIP?"

This open letter is an appeal to all Citizens, irrespective of their political or philosophical Christian beliefs, to fulfill their Citizenship obligations by filling in the attached ENROLLMENT FORMS for active duty as members of that rapidly developing, patriotic organization.
