Subject: Preserve scale of historic Belmont trolley stop main street
Date: Friday, July 15, 2016 9:46:17 PM

As a community member, former Sunnyside Neighborhood Association board member and Land Use Chair when we did the previous neighborhood plan in the mid '90s, I ask you to respect the long expressed wish of Sunnyside residents to preserve the historic character and scale of the Belmont trolley stop main street on Belmont between 33rd and 34th.

I urge the Planning and Sustainability Commission to keep the livability of our neighborhood by zoning the 3300 - 3356 SE Belmont Street block CN1 (3 story maximum). I am very opposed to a CN2 designation (5 story), which will ruin this historic block and negatively impact the livability of our neighborhood.”

Thank you for your consideration.
