Subject: zoning change on Belmont Street

To the Planning and Sustainability Commission:

I urge the Planning and Sustainability Commission to keep the livability of the SE Belmont Street neighborhood by zoning the 3300 - 3356 SE Belmont Street block CN1 (3 story maximum). I am very opposed to a CN2 designation (5 story) which will ruin this historic block and negatively impact the livability of this wonderful Portland historic neighborhood.

This area is also important as a regional destination for locals and tourists alike because it exemplifies the best of what a vintage Portland neighborhood has to offer. As a regional destination it is important now and in the future for the growth of the Portland metropolitan economy.

This block reflects the streetcar era in its scale and diversity. Do not let it turn into a place that could be anywhere.
