REPORT TO COUNCIL

To: Mayor Charlie Hales

From: Fred Miller, Chief Administrative Officer *Fred*

Subject: Accept the Quarterly Technology Oversight Committee Report from the Chief Administrative Officer (Report)

As the Chief Administrative Officer with responsibilities for technology project oversight, I am submitting the quarterly report of the Technology Oversight Committee (TOC), attached as Exhibit A.

The TOC has been meeting monthly since September 2011. Processes have been created for early and continued technology oversight by an independent five-member citizen body for the purpose of increased transparency and accountability. Elements of the technology oversight include:

- Early identification of City technology projects and assessment by the bureau, Bureau of Technology Services (BTS), and TOC as to whether a project warrants TOC oversight.
- TOC citizen oversight on significant City technology projects (high risk, high cost, etc.).
- Regular, standardized information from City bureaus to TOC about technology project status.
- External quality assurance (QA) consultant required on technology projects under TOC oversight.
- Regular, standardized information from QA consultant to TOC about technology project status.
- Quarterly reports from the TOC to the Chief Administrative Officer that are provided to the City Council.

This report covers TOC activity from April through June 2016. The report summarizes the status of the technology projects under the TOC's purview. During the time of these reports, the TOC provided oversight on several projects: the Bureau of Development Services' Information Technology Advancement Project (ITAP) and Bureau of Emergency Communications' Versadex Computer Aided Dispatch (VCAD) Hardware Refresh project. TOC also reviewed the Invoice Cloud electronic bill presentation and payment system being developed by Water Bureau and the Revenue Division of the Bureau of Revenue and Financial Services and the Bureau of Technology Services 5E telephone switch migration.
