**Subject:** Summary for City Council

After witnessing an exchange between a city worker and a African American homeless man, in which the city worker treated the homeless man with appalling disrespect and hostility, I'd like to address the council to discuss the situation, how they handle those incidents, what protocols are followed, and what/if any training is conducted to make sure the entire community is treated with humanity.

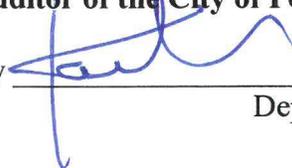

Request of Rhonda Meadows to address Council regarding an exchange  
between a city worker and an African American homeless man
