**Subject:** PSC Fossil Fuel Zoning Testimony: I want a full ban!

Testimony:

Thank you for your courageous stances and resolution on behalf of life and Earth. Please keep going, setting an example for the rest of the nation.

Enact a full ban on all new fossil fuel terminals, large or small. An exception for new facilities that are 5 million gallons or less is unnecessary. The City's code changes should not allow more unit trains of dangerous fossil fuels like Bakken crude oil.

Strengthen restrictions on expansions allowed at existing terminals through adding binding limits as well as criteria for safety and climate impacts in the City's non-conforming use review process.

Prevent any aggregate increase in fossil fuel infrastructure in Portland.
