A series of horizontal lines for writing, with a paperclip attached to the right side.

Marilyn ZORNADO

I live on a houseboat DOWNSTREAM
from the "Tank Farms" on Hwy 30.

Portland needs to phase out ALL storage
of fossil fuels on the banks of the Willamette.
Currently the tanks are located on soil
predicted to "Liquify" in an earthquake,
spilling a toxic cocktail of fossil fuels into
the river, endangering humans and wild life.
Start now to move fossil fuels off the River!
