Flag Status: Flagged

Carla--

There are three of us representing the Arlington Heights Neighborhood Association who would each like to request a 3-minute presentation slot in the "Communications" portion of the City Council Meeting on September 21, 2016. I believe that Kathy Goeddel has already sent you a note to request a slot that day, and Kathy Kelly will also be requesting a slot.

City Council Meeting Date: 9/21/2016
Michael Wallace
3213 SW Upper Cascade Drive
Portland, OR 97205
503-227-2600

Issue: The Arlington Heights Neighborhood Association would like to make a recommendation for a short-term Pilot Transportation Program for Washington Park during peak visitor months next year. This is to support the critical construction phase of the Washington Park Reservoir Improvement Project. The confluence of increasing numbers of visitors, a dramatic closure of parking spaces and roads, and a tremendous volume of construction traffic in the park will create unprecedented delays and safety risks for both park visitors and neighborhood residents. We are seeking approval for a Tiger Team to design and implement a Pilot Transportation Program for Washington Park that will showcase the use of public transportation in conjunction with extraordinary Washington Park Improvement Project.

Thank you for your help scheduling this.

Sincerely,
Michael Wallace
President
Arlington Heights Neighborhood Association
